Just at the time when American

women have succeeded in causing each house in the National Legisla-

ture to appoint a committee whose special duty it will be to consider the question of admitting women to all the privileges of citizenship enjoyed by men, it is very singular

that there happens to be in our Na-tional Capital a woman whose coudition fairly represents in its least barbarious phase that from which the sex have gradually risen to their

present independent condition.
At the Chinese Legation, one of
