

MITCHELL KNOCKED OUT.

Sullivan's Powerful Blows Too Much for the Englishman—Three Rounds of Hard Fighting.

New York, May 14.—Charles Mitchell was knocked out in three rounds by John L. Sullivan, at the Madison Square Garden to-night.

The immense structure was crowded to its utmost capacity, fully 15,000 persons being present to witness the bout between the American and English champions, while hundreds failed to gain admission.

Long before the boxing began the interior of the building was filled. Every seat was occupied, and thousands had to be content with standing room on the floor.

There was a buzz of excitement as John L. Sullivan jumped lightly upon the platform for the great wind-up, and the building rang with cheers.

Mr. Maloney, of Boston, who had been selected as referee, announced that the men would spar four rounds of three minutes each, under the Marquis of Queensbury's rules.

When the men were called to time for the first round they advanced, aloof and cool, and began their fight as if they were engaged in a business transaction.

In the second round Mitchell showed a tendency to come in close quarters and clinch. He got in one or two body blows, but in return received the blistering punishment.

Mitchell, however, responded gamely to the call for the third round, and began fighting pluckily. He abandoned his tactics of striking for the stomach and aimed his blows at Sullivan's face.

His friends crowded around to congratulate him and he was the recipient of numerous bouquets of flowers from his admirers.

"I have used Parker's Hair Balsam and like it better than any similar preparation I know of," writes Mr. Ellen Perry, wife of Rev. P. Perry, of Coldbrook Springs, Mass.

CAUGHT IN A CYCLONE.

People Killed and Buildings Destroyed by Furious Winds.

KANSAS CITY, May 14.—Great crowds thronged the streets in the south part of the city today to view the effects of a terrific wind storm, which visited this city yesterday.

Workmen are clearing the streets and patching up houses capable of repair. Confusion still prevails, and complete lists of wounded and of losses are not procurable.

Reports from Wyandotte county estimate the loss there at \$40,000. Mrs. Reid and one child, near Wyandotte, are dead.

An appeal for aid has been received there from Muncie, a railroad station twelve miles from Wyandotte, indicating that the disaster is widespread.

The track of the Missouri Pacific Railway is reported to be obstructed by a land slide South of Leavenworth and the morning trains had not arrived at noon.

St. Louis, May 14.—At Missouri City on the Missouri River, the steamer Bright Light was torn from her mooring, blown across the river and lodged on a sand bar.

St. Joseph, Mo., May 14.—Information is received from Bolckow, a few miles north of here, that a cyclone passed over Whiteville, Andrew county, last evening, destroying several farm houses, barns and orchards.

At Sea.

Another of John Burrough's delightful essays appears in the April Century, the subject being the transatlantic voyage.

On the land he is shut in by the hills or the forests or his house by the sharp lines of his horizon.

"Where are the children?" she queried. "Are they all in?"

"The children are safe," answered the old man tremulously.

"I'd rather walk with God in the dark than walk alone in the light."

Death of the Old Wife.

She had lain all day in a stupor breathing with heavily labored breath, but as the sun sank to rest in the far off western sky, and the red glow on the water of the room faded, she arose.

"Where are the children?" she queried. "Are they all in?"

"The children are safe," answered the old man tremulously.

"I'd rather walk with God in the dark than walk alone in the light."

GET THE BEST!

More Somerset County people have read the HERALD during the past year than ever before, since it was first printed.

Because its news columns present all the latest news in an attractive style.

Because it always gives all the local news without burdening its columns with unmeaning and uninteresting correspondence.

Because it is always reliable politically, and says what it means and means what it says.

Because its Court reports are always full, fair and trustworthy.

Because it is the medium used by the people of the county when they wish to let their neighbors know when they have a farm or anything else for sale.

Because all legal advertising appears in its columns, and people are thus kept posted as to what transpires in the management of the affairs of the Courts and County.

Because it has the best Washington and Harrisburg correspondents attainable.

Because it is active, aggressive, and always for the cause of its constituents.

If you have friends who live outside the county, there is no more acceptable present you can send them than a copy of their county paper.

Where did you get that stylish suit? I have been getting my clothing lately at A. C. Yates & Co., Philadelphia, near Independence Hall, on Chestnut Street.
