SAVE YOUR TIME AND LABOR?

American Fruit Drier, OR

PNEUMATIC EVAPORATOR.

bor-Saving and Money-Making Invention, and will be glad to explain its advantages to, and take the order from every man owning an apple tree in the two counties. The AMERICAN EVAPORATOR is the best and cheapest now offered the public, and will pay its cost, and make money for you besides, the first season.

The profits in evaporating fruit, etc. is enormous, as every farmer must see by comparing figures. Take for example applies, of which there promises to be an abundance:

One No. 2 Evaporator will cost you.

Ten bushels of applies each day for 12 days—120 bushels.

CHEAP CASH STORE!

Do You Want To Make Money?

Then Buy the Celebrated

On. By 750 lbs. Evaporated apples at 15cts.

On. By 750 lbs. Evaporated apples at 15cts.

The above is the lowest price at which fivaporated apples have yet sold, and it is reasonable to suppose the price a fair average. Evaporated apples are now selling in this market at 25 cents a pound. Counting six pounds to the bushel, this would make the fruit worth \$1.50 per bushel. Evaporated peaches are worth \$3 cents a pound.

Thus any man owning an orchard can convert his fruit late evaporated stock, equal to the best in the market, and pay for one of these machines four and five times in a season: Every farmer especially, ought to have one. We add two testimentals, given the company by farmers in Bedfor county.

county:

Six Roads, Belford County, Pa., January 24, 1833.

Am. Mro. Co. Dear Sirs: "The apple crop has been an entire tailing here this year, but our No. 2 Evaporator has paid us big laterest. We dried late of sweet corn, tomatoes, pumpkins and cabbage. The dried cabbage is splendid; we cut it on a slaw knife, and it dries very fast. It should be scaked tan hours to prepare it for table use. I was at Mr. D. S. Sell's to whom I sold a No. 2 Evaporator last year. Mrs. Sell is so well pleased with it that she would not do without one nohow. She had no apples, but she has about paid for the Evaporator by drying pumpkins, berries and cabbage. To her belongs the credit of first evaporating cabbage in this section."

Yours truly.

A. A. STUTZMAN, Somerset, Pa.
