

General Simon Cameron is at Bedford. The burglar scare was somewhat abated. Chief of police Harris, of Johnston, was in Somerset, Friday.

Editor Snyder of the Connellsville Courier was in town Monday. Berkeley's new ally is patronized extensively by the ladies.

There was not a day last week that rain didn't fall in this section. Mr. George Hobbitt and wife, of Hyndman, are visiting in Somerset.

Our hotels and boarding houses are rapidly filling up with guests from the cities. Elder Joseph King preached in the Disciples church Sunday morning and evening.

The exterior of the Central Hotel is being greatly improved in appearance by a coat of paint. Coffey & Co., building another story for their furniture establishment on Main Street.

James L. Pugh, Esq., will linger at Cape May. He is expected home the latter part of the present week. George F. Baer, Esq., and family, of Reading, are visiting in Somerset. They are the guests of Mrs. Baer's father, J. O. Kimmel, Esq.

Communion service will be held in the Presbyterian Church, on Sabbath next. Preparatory service on Saturday. Seats free, and all are welcome. "The spirit of the syndicate," said Mr. C. Frick, "was that the road should be built as soon as possible. The Executive Committee was given full power, to act and will let the contract this fall."

Dr. Hostetter said: "The contract will be let by September 15, as it will take that long to properly advertise the work and arrange for the money. The Hyndman and Confluence roads will be let by the Pittsburgh, Chartiers & Youghiogheny railroad for the right of way down the Sewickley Creek Valley."

RAILROAD NEWS.—The following is taken from Saturday's Pittsburgh Commercial: The Pittsburgh members of the syndicate that will construct the Harrisburg & Western railroad, from Harrisburg to a connection with the Pittsburgh, McKeesport & Youghiogheny railroad, who were in New York attending the syndicate meeting of July 10, returned home yesterday. Dr. Hostetter and Mr. C. Frick, of this city, were among them, and both submitted to interviews last evening. It is now transpired that the route of the new road was about the principal matter talked over. The route as originally published in the Commercial-Gazette was objected to on account of its expensive construction, the ten great tunnels representing miles of underground work and running the cost of the road up to \$100,000 per mile. To avoid this a change in route was proposed. Instead of running the line from Bedford to Somerset it was suggested that it be run from Bedford south to Hyndman, Bedford county, along the Castlemain river, and thence due west to Confluence, crossing the river at that point and continuing northwest to a junction with the Pittsburgh, McKeesport & Youghiogheny railroad at Bedford. This line would parallel the Baltimore & Ohio from Confluence to the new road's intersection with the Pittsburgh, McKeesport & Youghiogheny. It is the longest route but affords better grades, is cheaper, and does not require the long tunnels. It would also set the line to the westward, through the Chartiers & Youghiogheny railroad for the right of way down the Sewickley Creek Valley.

The Executive Committee of the syndicate of which Dr. Hostetter is a member, was given full power to let the contract and proceed with the arrangements for constructing the road. "The spirit of the syndicate," said Mr. C. Frick, "was that the road should be built as soon as possible. The Executive Committee was given full power, to act and will let the contract this fall."

We publish by request the following address of welcome, delivered by Mrs. J. R. Walker before the members of the W. C. T. U. Convention, which met in the Lutheran Church in this place on Wednesday, June 17th, and adjourned on Friday, June 19th. A. S. Baumgardner, before the same body:

Ladies, and Friends of Temperance. The Committee has made it my duty to welcome you here at this, the first Convention of the W. C. T. U. in Somerset county, and it is a pleasure for me to bid you welcome. Your presence is an inspiration to the hands of ladies of Somerset county, who for a short time have been banded together for the purpose of putting into active operation means already devised by temperance workers for the overthrow of the liquor traffic; to educate the people, if possible, to a higher standard of temperance; and now we begin to feel that the women of our county are beginning to awaken to the importance of the subject, and while there are changes to be made, we are confident that we will overcome, there is much to encourage. If the women of the W. C. T. U. believe in their cause, let them earnestly and energetically work for its advancement. Surely they are on the winning side; there but one course to pursue, that is, to take high position on the question, and maintain it. We believe that women are better adapted to a work, and will be more successful than men.

Women as a class have no business preferences, and have no political sympathies to bind them to the prejudices of the people who are not in sympathy with the forward movement of temperance; they have but to consider what is right and do it. They are the only ones interfering with their personal conduct. There was a woman, according to the parable, who took leaven and hid it in three measures of meal till the whole was leavened. The Savior did not forget woman's influence even in His parables. As they are transplanted into the soil of maturity, they will root downward and spring upward, and though the storms may beat and the winds roar they shall not fall, for they shall be founded upon the rock of God's eternal and unchangeable truth. Their fruit shall glow with brightest light, bearing the stamp of immortality, and the work of our hands will be written in heaven.

Brotherly Love Items.— Peter Hanger, who is a staunch Republican as well as a good farmer, has the best field of oats in the Township, and I think "Now and Then" comes in as second best. Eddie S., only son of A. G. Kimmel, who was very low of pneumonia is at present convalescing. Mrs. Buechley is still in a critical condition. Mrs. S. Schrock while hunting eggs in the barn, fell through the overhead and when found was lying in an unconscious state. The family physician, Dr. Miller says no bones are broken and in a few days the lady will be all right again.

C. H. Walker is the only farmer of this Township who has invested in self binder. Mr. Walker deserves the praise of his neighbors and in a few days we can hear the click of the machine. Emma Knepper, one of Brother's valley's fairest young ladies, who has been at Bradford's for the last year, is visiting her relatives in this Township. She is a very intelligent and accomplished young lady, and we are glad to see her here. Rebecca Maser, daughter of Jacob Myers, who is visiting in Kansas, Nebraska Iowa and Illinois, returned home last week. The young lady is highly gratified over her Western trip.

Harvey Myers, who is clerking in a dry goods establishment in Lanark, Ill., for the last year, is at present visiting his many friends in Berlin, Brothersvalley and Myersdale. Harvey is a son of Hon. E. J. Myers, who is in the Government employ at Philadelphia and is favorably known to many of our countrymen. In a few days Harvey intends going to Philadelphia, where his parents reside. I understand that Mrs. Myers is keeping a boarding house at 420 South 11th street, and I would suggest that if any of our friends know of those in need of a place to stay, they should stop with Mrs. E. J. Myers for good accommodations and full square meals at reasonable prices.

Last week was a favorable one for hay making and the farmers throughout the Township had good work of the fair weather. The weather was very favorable, and the hay was cut and stacked in good time. I see in "Confession Items" of last week that the farmers around there don't know what to do with their grass. My advice is turn it into hay and in the latter part of next April take it to the city and sell it for hay. Let them call on "Now and Then" and he will find a market for their good hay. The wheat is ready for the "sickle" and just at this writing there is not another passage in the Bible that is more true than the one which says, "Truly the harvest is great but the laborers are few." Let us have more of the ministers throughout the county who would take this passage and preach a few sermons on it as it would be quarreling about the different modes of baptism.

Now and Then.— I would respectfully inform my friends of Somerset county that I have opened a drug store at 232 Main Street, Johnston, Pa. My stock consists of Pure Drugs, Chemicals, Patent Medicines, Dye Stuffs, Perfumery and Fancy Goods generally. At this season I sell every article at a low price, such as Pure Paris Green, Pure Powdered White Hellebore, Persian Insect Powder, etc. When in need of anything in the drug line come and see me or write for prices. All inquiries cheerfully answered. W. J. MILLER, 232 Main Street.

Talk about Hardware! J. H. Miller sells anything in the Hardware line cheaper than any other store in the county. Call and be convinced. J. H. MILLER, Somerset, Pa.

Don't forget it when you want a good Copper Kettle for yourself that the old reliable one that I have on hand. I have just received a new lot of them, and will sell them cheap. I have just returned from the East with a new lot of Hardware, which I can and will sell at rock-bottom prices at the old stand of J. H. MILLER, Somerset, Pa.

A SENSATIONAL DISCOVERY.—Physicians are often startled by remarkable discoveries. The fact that Dr. King's New Discovery for Consumption and All Throat and Lung Diseases is daily curing thousands that they have given up to, is startling them to realize their sense of duty, and examine into the merits of this wonderful discovery; resulting in hundreds of our best physicians using it in their practice.

Do You Want To Make Money? SAVE YOUR TIME AND LABOR? Then Buy the Celebrated American Fruit Drier, OR PNEUMATIC EVAPORATOR.

Have accepted the Agency in SOMERSET and Cambria Counties for this great Farmers' Fruit-Saving and Money-Making Invention, and will be glad to explain its advantages and take the order from every man owning an apple tree in the county. The AMERICAN FRUIT DRIER is the best and cheapest now offered the public, and will pay for itself, and make money for you besides, the first season.

THE PROFITS IN EVAPORATING FRUIT, etc., are enormous, as every farmer must see by comparing figures. Take for example apples, of which there are plenty to be an abundance in this county. One No. 2 Evaporator will cost you \$75.00. Fuel (200 lbs) \$10.00. Total cost, \$85.00. One No. 2 Evaporator will evaporate 100 bushels of apples in 10 days. The value of the evaporated apples is \$100.00. The profit is \$15.00. This is a small profit, but it is a profit. It is a profit that will pay for itself, and make money for you besides, the first season.
