We have secured the confidence of the people, and that confidence never has been, and never will be, abused. We always do as we advertise. We are always up with the times in style, and our prices are always lower than elsewhere. No other House in the interior of Pennsylvania has the advantages we have in buying. We buy hundreds of thousands of dollars worth yearly, and such quantities give us an unprecedented advantage over parties doing a small business, and places us in a position in which we cannot recognize competition. No one, if he wishes to do justice to himself or family, will buy one dollar's worth of Clothing, Hats, or Gents' Furnishing Goods, until he has seen our enormous stock and learned our prices, which are always lower by 25 to 30 per cent. than any store in our line of business in Johnstown.

WHAT WE ARE DOING, AND HOW WE DO IT.

We have secured the confidence of the people, and that confidence never has been, and never will be, abused. We always do as we advertise.
