of contributors—and with the same independence and fearlessness that has made it successful and power, ut in the past.

The Times has no party to follow no candidates to advance, but will meet every issue, as it has ever done, with consistent devotion to the right, to honest government, and the public welface. And, while maintaining its position as the leading purnal of Phi nedelphia, it will aim to be continually in the advance in all that can add value to a new-paper.

The value of a newspaper is not in its size or display, but in the intelligence and care, the conciseness and freshness with which it is enited. The Times spends laviship for newsfrom all parts of the world, but all of its dispatches are carefully edited and condensed, in order to give the complete news of the day in the most concise and attractive shape, and with its large variety of emperatining and instructive reading. The best writers at home and abroad are employed to engated its columns and to make it a journal adapted both, to the busy man and to the lessure of the home circle, a welcome visitor to intelligent and hasses criticens of every political, religious and social taste.

The Weekerry Times is altogether different from the world; in ewspapers of twenty years ago. The day of these papers is gone by. The telegraph
