"18 E. 54th St., New York, May 16, 182.
Messits, J. C. Atena & Co., Gentlemen:
Last winter I was troubled with a most unconfortable incling humor affecting more especially my limbs, which itchest so intolerably at right, and burned so intonesty, that I comb searcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of Aven's Sansaramilla, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fover and Itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred percent stronger, and I attribute these results to the use of the Sansaparilla, which I recommend with all confidence as the best blood medicine ever devised. I took it in small deses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. Wilder. LAPORTE, March 21,-Officers reached here this merning having in charge William Malone, alias W liam Quinn. He committed robbers in Maiden Lane, New York, in B ton, Buffalo, where he stole di monds valued at \$6,000, and Cleveland, where his spoils amount ed to \$7,000. He is the man who liberated Jim Boyle, alius Burns, a postoffice robber, from the Brooklys iail. He was bold enough to sam constantly coming to our notice, which prove the jail bars from the outside, alte which Burns made an easy exit.
