Art In Boiling Water.

and there are few people know the art. The secret is first, in having it good and fresh, next in boiling quickly, and then taking it right off or use in ten, coffee, or other drinks before it is spoiled. To let it steam and simmer and evaporate until the good water is in the atmosphere, and the lime, and iron, and dregs only are left in the kettle is the way to make people sick, and water so boiled is worse than no water at all. As boiled water has become the fashionable panacea for all the ills that flesh is heir to, it is quite essential to follow the above directions. I have heard that at Delmonico's, in New York, some few drops of lemon in this hot boiling water was sold at 25 cents a bowl .- Household Mad
