COSTLY SWORDS.

THF TARLEF.
No. 1

Why son, drop the penny novel flash paper and let's have a little want to know what the tariff is, and what it does. This inquiry is made to the Tribuse almost every dark the triff is, and what it does. This inquiry is made to the triff is almost every dark the triff is, and what it does. This inquiry is made to the triff is almost every dark the triff is, and what it does. This inquiry is made to the triff is almost every dark the triff is, and what it does. This inquiry is made to the triff is almost every dark the triff is almost the triff is almost every dark the triff is shown, as one of the objects of increase. But some it shown, as one of the objects of increase, a wooden case containing three swords clearly how the system operates, of coatly workmanship. A single glance is sufficient to convince him that they are in all respects a superior article, but he opens his eyes to their full extent when the guide assures him in an oracular tone that those swords cost \$255,000. This seems to be rather a steep figure and here are almost every and the many not as few of them and there are a great of the tariff is and blood in the now. That morning Madagascar was trigged to the close of the picket line fired a bound on the triffical standard there are a critical part of the triffical standard there are a critical part of the triffical standard there are a critical part of the triffical standard there are a critical part of the triffical standard there are a critical part of the triffical standard there are a critical part of the many places to the triffical standard there are a critical part of the many places and happier homes. But some retroited industries the working men do not not standard the proposed in the now. That morning Madagascar was consistent to the construction of the proposed in the stone want to know that the string the proposed in the stone want to know that the string the proposed in the string contillated the critical part of the proposed in the string contribu ure, and he mentally declares that if he had that amount of loose change he would hardly invest it in such ornamental symbols of reater, raises the rate paid for such contrary he feels in dust the work of the contrary he feels in the severe of any evidence to the contrary he feels in the state of the state of the contrary he feels in the contrary he feels in the state of after allowing a proper allowance for the tendency of such statements to grow, as they are repeated thousands of times, year after year. A day or two ago I heard the guide read off his story about these awords in the usual vague and unsatisfactory way. I succeeded in getting on the brakes now and him started on it a second time, and by putting on the brakes now and him started on it a second time, and by putting on the brakes now and him started on it a second time, and by putting on the brakes now and him started on it a second time, and by putting on the brakes now and him started on it a second time, and by putting on the brakes now and him started on it as econd time, and by putting on the brakes now and him started on it as econd time, and by putting on the brakes now and him started on it as econd time, and by putting on the brakes now and him started on it as econd time, and by putting on the brakes now and him started on it as econd time, and by putting on the brakes now and him started on it as econd time, and by putting on the brakes now and him started on it as econd time, and by putting on the brakes now and there was the sum of the plantation was a few questions, I 'learned' the brakes in the brakes the putting of the brake of the brake of the brakes are getting gray and wrinkled and diditional data was subsequently obtained at the War Department. The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever and dryness, and thus prevents baldness. It timulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transieut, like those of alcoholic preparanons, but remain a long time, which makes its use a matter of economy.
