Russia, out of which Peter sprang, the tortures attending judicial processes were the most marked. His father was considered unusually mild and gentle for a zar, and, indeed, has been named "the most Debonair"; but even under his reign there were fifty official execu-tioners in Moscow, whose hands were incessantly red with their ghastly functions. Every judicial investigation involved the infliction of horrible tortures all round; tor-

ture of suspected persons to extort confession ; torture of witnesses supposed to know more than they revealed; torture of criminals to force them to betray their accomplices. Sometimes it was inflicted by the alternate strokes of rods wielded by

a couple of executioners, who kept time in hammering away at the bare been shaved. Sometimes by roast-

Hanging and decapitation were the most common methods of inflicting capital punishment, when the work had not already been done in sion from hooks through the flesh, breaking alive on the wheel, and impalement on stakes, were by no ors, and even to maim and kill them
