The Worlds Industrial and Cotton Centennial Exposition.

Two Travelers.

The World's Industrial and Cotton Centenial and Exposition will open December 16th and continue open until May 31, 1885. The address of the Commissioner for this State is during the Presidential campaign of ry farming. Though the price of butter and cheese are subject to very would be when you looked at Castle butter and cheese are subject to very wide fluctuations, it is not often that Garden! It is a shabby building,

and such a queer shape—round—built on the battery. Years ago it growing of grain for the market. In yiew of the present demand for beef cattle however, it seems somewhat surprising that a greater number of farmers do not turn their attention to stock breeding. Beef is a commodity with which it would seem impossible to glut the market. As the quality improves the consumption increases, and if its price declines preeptibly it straightway begins to take the place of some other staple article of food, so that its continuence is immediately and in most cases permanently rendered broader.

Why it is the farmers will, year after year, go on cropping their farms to death, and reaping very meager returns till they or their farms to death, and reaping very meager returns till they or their farms to death, and reaping very meager returns till they or their farms to death, and reaping very meager returns till they or their farms to death, and reaping very meager returns till they or their farms to death, and reaping very meager returns till they or their farms to death, and reaping very means and return during the worders in the State to New Ordeans and return during the World's Industrial and Cotton Century, and some of the was not acmend the president of dairy farming, ever goes back to the built on the battery. Years ago it country for the purpose of securing meager returns till they or their they come here and stay in Castle children are driven into other lines are driven into other lines Garden until they are hired to work of business while the ald howested by some one. This medicine, combining Iron with pure vegetable tonics, quickly and committely Cures Dyspepsia, Indigestion, Wenkness, Impure Blood, Maharin, Chills and Fevers, and Neuralgia.

It is an unfailing remedy for Diseases of the Ridneys and Liver.

It is invaluable for Diseases peculiar to Women, and all who lead sedentary lives. It does not injure the teeth, cause headache, or produce constipation—other Iron medicines do. It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, relieves Heartburn and Belching, and strengthens the muscles and nerves.

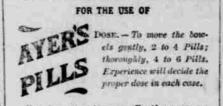

For Intermittent Fevers, Lassitude, Lack of Energy, &c., it has no equal.

THE INDEPENDENT

of New York is acknowledged to be what the Pall Mall Gazette, of Landon, says it is, "one of the ablest weeklies in cristenee." It occupies two fields—religious and literary.

It publishes each week from TWENTY-FIVE to THIRTY-THREE percent, more reading matter than any of its contemporaries. With the exception of its column of "Selections, every line in every issue is New, Original Matter, written expressly for it. It pays more each week for literary matter than any three of its contemporaries put together. It has the largest and best copps of contributors of any periodical in the world. It is undenominational in religion, and unsurpassed in literary ability. Its reviews of books are unexcelled in journalism. Its Editorhals are fearless. Its departments of Science and Biblical Research give valuable information unobtainable classwhere. Its Market Reports and Commercial Matters are cagerly sought for by those wanting currect information upon these subjects. Its department for "Old and Young." is finied with articles in prose and poetry.
