What to do With the Boys

WASHINGTON LETTER. One of the Lon Jon journals has From Our Regular Correspondent been opening its columns day after day to a popular cliscussion of one of the most perplexing problems of family life. This relates to the future of English boys. Scores of letthe battle, and for two or three days and magnetic subject, though by no after, I was unable to walk except means the most profitable. The discussions and subject and fathers anxious widows, and cal fathers, anxious widows, and with crutches.

The Army Not Demoralized Cathering Up the Stragglers and ling Up the Stragglers and Making them Fight.

The FIRST OF THREE AUTICLES IN THE FIRST OF THREE AUTICLES IN THE FIRST OF THREE AUTICLES IN THE STREET CENTURY.

With crutches.

"During another night of the battle strain fell in torrents, and our thur to furnish the Senate with the inquiry "What shall we do with our boys? Those taking part in this interesting discussion agree on only one point: namely, the difficult with the resolution it was evidence.

The FIRST OF THREE AUTICLES IN THE STREET CENTURY." cussion was sprung by Senator Haw-NEW YORK, January 19.—Gen. Grant was able for the first time to day to call upon bis physician with regard to his throat troubles. He morning, and made the tour to and from his physician's without any apparent trouble. Colonel Fred Grant was not yet well wounded men had been taken as a hospital; and all trouble with his tongue, but that his throat was not yet well. Two or three weeks ago he was in a positively dangerous state from this ease might require, and everything pain, but this had entirely passed in the first of the cause most pain, but this had entirely passed and suffered a great deal of pain, but this had entirely passed if the necessarily passed in the first passed in the first passed in the first proceeding that I could not be first time to more how obtained to make the first time to have precluded the possibility to all the possibility to some time after miduight, growing restive under the storm and the careful had entirely recovered from the first mould all the possibility to the cause the exconfederates, among them the ex-confederates, among them the exsuffering. The night was more undorable than encountering the rebel fire, and I returned to my tree away, and a few days would see General Grant as well as he ever was. Dr. Fordyce Barker, who has been attending him, said to-day that he was steadily improving.

The General is now engaged in finishing his war recollections. These are to embrace the Mexican war as well as the rebellion. It is expected that the memoirs will be completed in less than three months. They hid fair to become extended and about the size of one volume of Appleton's Cyclopedia. No outsider and about the size of one volume of Appleton's Cyclopedia. No outsider has as yet been allowed to see advance sheets of the work, nor has the vance sheets of the work, nor has the cap; been edited. Colonel Frederick, being near that point, and of best of the state of the work of the country which is so often discribed as prosperous.

formed them in line of battle and maintain the standard he had maintain trades and agricultural purmarched them forward, going in tained in the war, and characterize passed between Davis and Senator ctal discontent. The officers' wid General Grant \$10,000 for the three break, and only wanted a little en. Brown, of Georgia, who were each tradesmen, who confess that they do tradesmen, who confess that they do tradesmen, who confess that they do not know what to do with their boys series. In the course of this article, and jun their friends, who had fen Grant says:

Started earlier. After marching to read to prove Gen. Sherman's reprofessional men, who have reached professional men, who have reached middle life with-out being able to marry at d "settle down" in contentment, offer conclusive evidence that the sons of the middle class do not whom there were many. When the last of the enemy sight-seers who are always strolling have a fair chance in England. The around the Capitol. The news that dearth of remunerative employment something out of the ordinary run is admitted on all sides, although there is no agreement respecting the causes of the evil or the remedies to beapplied. The majority of the correspondents find fault with the prevailing methods of middle class education, but have few practical sug-

trade is "flooded out," so that expebut used to run between the landing and Savannah. It was but brief, and related specially to his getting his troops over the river. As we left the boat together, Buell's attention was attracted by the men lying under cover of the river bank. I saw him berating them, and trying to shame them into joining their regiments. He even threatened them regiments. He even threatened them with shells from the guoboats near by, but it was all of no effect. Most of these men afterward proved themselves as gallant as any who saved the batt e from which they had described the battered to pieces the tall men who led in that move that all men who led in that move that all men who led in that move the all men who led in that move that all men who led in that move the traitors to this country of ours. "Great God," said he, "will it ever be disputed in this land, at any time within a thousand years, that in the war, and before the war and the most powerful men-of-war will be disputed in this land, at any time within a thousand years, that in the war, and before the war and the most powerful men-of-war and the most powerful men-of-war and the most powerful men who led in that move that all men who led in that all men who led in that move that all men who led in that all men who led in that move that all men who led in that move that all men who led in that move that all men who led in that all men who led in that move that all men who led in that move that all men who led in that move that all men who led in that

Strengthening improved, the best for backache, pains in chest or side, rheumatism, neuralgia. A Cheap Ice House.

An ice house need not be a costly institution, says the New England "ofe only by BROWN CHEWICAL CO., BALTIMORY, MP. Farmer, and it need not be sunk to the ground, and there is no necessity for double walls. A roof, to ward off sun and rain, and something which will hold sawdust at the sides of the ice, are all that is required. The root and sides may be made of the very commonest and cheapest materials. Two of the most satisfactory ice houses I have ever seen were the cheapest. Of one, the sides were Valuable Real made of rough poles, and of the other of refuse boards and slabs. Neither cost more than twenty dollars. rain. In the section where the ice nou-e was a pole pen with a board

by recommended; but if you have lot of A. K. Humbert on the north, alley a or rail pieces till you have a founda plan of the town having a Two Sfory Fr ME DWELLING HOUSE and other outlayer of an advent of the town baving a Two Sfory Fr ME DWELLING HOUSE and other outlayer of an advent layer of sawdust six inches thick. The ice house must be of a certain We would place the minimum bulk at twenty-five tons. The more ice the better it will keep. It is important that the ice be well packed; in fact it must be closely packed. At the sides there should be a well packed stratum of sawdust a foot thick, and on top a stratum one-half foot thicker. There must be ventilation; the gables may be left open or windows be made if they are hoarded up. A ton of ice occupies about forty cubic feet; from this you can estimate the size of the house you want. Fill it full ; get the ice from the purest source you can. Then early in the Spring you must b gin to watch it; visit it every day and tramp it solid at each visit

A swell who had been paying de voted attention to a rich banker's daughter finally interviewed the old gentleman on the subject. After a few preluminary remarks he said: "I love your daughter, sir, and want to marry her."

"Ab, is that so?" replied the father, looking at him sharply over his glassess. "I'm not surprised at it She's a good girl." "I know it, sir, and it was her

goodness which won me from the "Ahem, yes-I've heard you had some very extravagant habits and some as bad as they were extrava-
