The little circus that showed here last Tuesday was one of the best of the kind that ever visited Somerset.

At the present rate of progress, daylight will be seen through the Allegheny tunnel within the next thirty days.

Messrs. Adams & Lehenger, who have the contract for boring the well in the court house yard, had gone down to the depth of 180 feet when they suspended operations last Friday evening, without having struck much of water supply. It is thought that they will have to bore at least fifty feet deeper before a sufficient run of water will be reached. They resumed operations today.

The malicious libelous, uncalculated and unwarranted attack of the Meyersdale Conservator on Chief of Police Gilbert, is very justly condemned by all the best citizens of Somerset. This borough never had a more capable and efficient police officer than Mr. Gilbert. The fact that he has been retained year after year at a liberal salary would alone give the lie to the Conservator's venomous article.

In the trial of Ralph Bagley against Wm. H. Vanderbilt and others, composing the South Pennsylvania Railroad syndicate, the Chief Justice Sedgwick, in the Superior Court, refused to allow the plaintiff an injunction to restrain the defendants from continuing to act under the syndicate agreement. Judge Sedgwick says that the facts before him show him that Bagley's necessary interest will not be endangered by his suit.

Mr. Monroe G. On Tuesday he left for Colorado, to angle for Rocky Mountain trout.

A Case—We take this means of tendering our heartfelt thanks to the kind people of Somerset and vicinity for their manifestations of kindness, sympathy and condolence during the sickness and funeral of Rev. Jacob Smith.
