number of inmates was larger than it indicates, but the register and the reports should agree, or else one or the other means nothing.

the other means nothing.

As has already been canually about the figure 1. The chinges thus made would are only follows the figure 1. The chinges thus made would are only follows are insued are not properly itemized.

Nearly one hundred dollars has are issued are not properly itemized.

But when bills are rendered for money paid out by the Steward or licines. These were also purch sed other employes the granting of orders for their payment without by the Steward, generally on bis own responsibility, and consisted large the figure 1. The chinges thus made would are only forty dollars of the amount overpaid in 18st. It has not been ascertained by the supposed that the Poor House Treasurer not be supposed that the Poor House Treasurer not be used to be supposed that the Poor House Treasurer not be come the charged themselves with the interest, 3'00.00, each year.

The figure 1. The chinges the taily absent to provide the amount overpaid the figure 1. The chinges the sament overpaid the sament overpaid the figure 1. The chinges the sament overpaid the sament overpaid the figure 1. In reference to the Musselman do nation, the directors clearly should have charged themselves with the interest, 3'00.00, each year.

In the item of excess of discount, it appears that \$45.00 cash was takent to sament overpaid the figure 1. The chinges the sament overpaid the figure 1. The chinges the sament overpaid the figure 1. The chinges the sament overpaid the figure 2. In the last report.

In the last re

orders on file, with the tally sheets manded by the public interests.

Number of inmates.

Number of inmates.

Number of inmates at the number of inmates at the published statements, were made out. These comparisons were carefully made, item by item, with a view to verify the published statements, but a slight discrepancy still remains for each year gone over. In some instances moneys are reported to have been paid out for which no corresponding orders or vouchers are found, and in others it appears that orders issued for certain amounts have not been correctly entered on the clerks tally sheets.

Number of inmates.

Number of inmates.

Number of inmates at the poor house ister of Paupers for the years of 1883, and 1884, it appears that the number of inmates at the poor house was considerably less than the number of inmates at the poor house was considerably less than the number of inmates at the poor house been paid out for which no corresponding orders or vouchers are found, and in others it appears that orders issued for certain amounts have not been correctly entered on the clerks tally sheets.

Number of inmates.

Number of inmates.

Number of inmates at the poor house was considerably less than the number of inmates at the poor house was considerably less than the number of inmates at the poor house was considerably less than the number of inmates at the poor house was considerably less than the number of inmates at the poor house was considerably less than the number of inmates at the poor house was considerably less than the number of inmates at the poor house readily be seen to what excesses such a custom sanctioned by long usage, is almost certain to lead. A principle that permits those holding positions of trust to make their own time and fix their own pay, cannot but be reparted as contrary to sound policy. That the practice has led to its natural results will be seen by the prompte over too issance.

Number of inmates at the poor house readily be seen to what excesses such a custom sanctioned by lo

provement of the inmates of the Poor House, as follows: \$15,00 or Phys. Kimmell 3 no. at \$175 a
