Many suffering people drag them-selves about with falling strength, feeling that they are steadily sinking into the grave, when by using Parker's Tonic they would find a cure commencing with the first dose, and medicine is the first necessity for cure. Then the calbartic effect must be maintained, in a mild degree, inst sufficient to prevent a recurrence of costiveness, and at the same time the liver, kidners and stomach must be stimulated and vitality and strength surely coming back to them.

All irregularities in the action of the bowels—looseness as well as consti-pation—are beneficially controlled by Aven's Pillas, and for the stimulation of digestive organs weakened by long-continued dyspensia, one or two of Aven's Pillas daily, after dinner, will do more excell than neithing else. A lady entered a passenger coach, one cold morning a week or two ago, EXCELSIOR on her way to Pittsburgh. Each seat contained two persons except one to the left near the centre, and here sat a Chinaman tram Dubois. He lounged in toward the window, and the lady sat down. The washeewoshee man began, "Bellee cold." No reply from his companion. Again a little louder he remarked, " Bellee cold," With a withering look that ought to squelch any heathen, the lady said: "If you would wear your shirt inside of your pants like

a christian man, your belly wouldn't get so cold." Thousands of able men fail in life for purely physical reasons. They are not torpid, but their liver is, and the liver blocks the way. They are billious, yellow skinned, headachy and miserable, all because that great gland declines to do its work. The medicine that can restore to this organ its natural power will add one

hundred per cent, to the available force of this world. We know of but one thing able to do this-Dr. Kennedy's Favorite Remedy.
