" Do you see that man over there? Well, he's a farmer down near Elgin. There he goes with a friend ; they're going to get a drink. The farmer will pay for it. Now, let me see. That man will sweat two mortal hours next spring to plow enough ground to raise one bushel of corn. That bushel of corn will sell for 30 cents. He is going in there now to spend the 30 cents for two drinks. Therefore, the farmer and the corn have parted. Now, let me tell you what becomes of the corn. A bushel in the sensitive states of the corn. A bushel in the sensitive states of the corn. A bushel in the sensitive states of the corn. A bushel in the sensitive states of the sensitive states of the sensitive states of the corn. A bushel of corn makes seventeen quarts of whisky-four and a quarter gallons. The distillery gets the first profitforty cents a gallon. There you are ; \$2.00 for that bushel of corn. Now the government comes in, 90 cents a

gailon-\$3 85, added to the \$2, makes \$5.85. That brings the profuct of the bushel of corn down to the jobber and the wholesaler, and,

finally, by several stages, to the retailer. By the time it reaches the latter the bushel of corn or its pro-A Safeguard. duct of four and a quarter gallons has been reduced one half, which means eight and a half gallons. The fatal rapidity with which slight olds and Coughs frequently develop to the gravest maladies of the threat of lungs, is a consideration which should There are sixty dripks to the gallon -that is the average-eight and a half galloos mean 270 drinks, at 15 and any is a comparison where we are not every prudent person to keep at ind, as a household remedy, a hottle of YER'S CHERRY PECTORAL. Nothing class gives such immediate reflet of works so sury a error in all affections. cents each-there we have \$46 35 as the consumer's price for a bushel of corn, which the farmer raises and sells for thirty cents. Who says there is not industry in this coun-"Holical science has produced no other ano-ic expectations to good as ATRAS GREAT revenue. It is involvable for diseases of the soin main lengts" try? But the farmer we saw just now spent his whole bushel of corn now spent his whole bushel of corn in the price of two drinks, and the SOMERSET people who do not till the soil got away with \$46.05."

PHILADELPHIA, Pa -- At an inquest held over a child, the jury found a bronchigi and pulmonary affection verdict that it came to its death from an overdose of a cough mixture containing opium. The coro-**Cherry Pectoral** ner said that nothing is more natural than for parents when their children are suffering from cough is not a new claimant for popular confi-dence, but a medicine which is inday saving the lives of the third generation and colds, to give them what they consider to be a harmless remedy. saving the lives of the third generation who have come into being since it was first offered to the public.
