## A Safeguard.

The fatal rapidity with which slight Colds and Coughs frequently developinto the gravest maladies of the throat and image, is a consideration which should mape: every prudent person to keep at hand, as a household remedy, a bottle of a VER'S CHERRY PECTORAL. Nothing clas gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other ano-dyne expectorant so good as AYER'S CREEKY PETTORAL. It is invaluable for diseases of the throat and lings." The same opinion is expressed by the vell-known Dr. L.J. Addison, of Chicago, Ill., who says:"I have never found, in thirty-five years of

continuous study and practice of medicine, any preparation of so great value as AYER'S CHERRY PECTORAL, for treatment of diseases of the threat and lungs. It not only breaks up colds and chres severe coughs, but is more effective than auxiliag else in relieving even the most serious bronchial and pulmonary affections.

#### AYER'S Cherry Pectoral

Is not a new claimant for popular confidence, but a medicine which is to-day saving the fives of the third generation who have come into being since it was first offered to the public.

There is not a household in which this invaluable remedy has once been introduced where its use has ever been abandoned, and there is not a person who has ever given it a proper trial for any throat or lung disease susceptible of cure, who has not been made well by it. AYER'S CHERRY PECTORAL has,

in numberless instances, cured obstinate cases of chronic Bronchitis, Laryngitis, enses of caronic Broncants, Lay, and even acute Pneumonia, and has saved many patients in the earlier stages of Pulmonary Consumption. It is a mesticine that only requires to be taken in small doses, is pleasant to the taste, and is needed in every house where there are children, as there is nothing so good as AYER'S CHERRY PECTORAL for treat-ment of Croup and Whooping Cough. These are all plain facts, which can be verified by anybody, and should be remembered by everybody.

Ayer's Cherry Pectoral, PREPARED BY Dr J C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

Political parties, energetic, vigorous, and well-defined, are indispensable to the success of free popular governments. Wherever the life of states is freeest and most irrepressable, their party spirit is most active and aggressive. It is by the con-flict and collision of political parties that the latent and richest powers of the State are made manifest; and those whom I represent have no sympathy with the dogma that it that it is an indication of virtue in a citizen to belong to no political

Political parties are social groups in the nation, allied by common purposes and kindred aspirations for the accomplishment of beneficial results. When parties perish this government will expire, for we all understand that in this country the only government is the party in power. Here is no dynasty, no reling family, nothing corresponding to the functions of government unto the functions of government un- "second to minwa CHERRESE CO. BALTIMORE, 59 der other systems except the party that is for the time being intrusted by the votes of a majority of the WEST AND SOUTHWEST. Via

people with the execution of their will. And, sir, when a majority of the people declare that there shall be a change of administration, it is necessarily implied that there shall be a change of those agencies through which alene political administration can be made effectual. It is useless to juggle and palter about this matter. - Senator Ingalls.
