Don't Go to Pittsburgh

Unless you visit Kaufmanns' Grand Depot, the beautiful business block of 13 stores in one, and nearly 60,000 square feet of salesrooms, at the corner of Fifth Avenue and Smithfield Street. It is Smoky City's greatest and most imposing sight. A wonder of modern times! A revelation to the commercial world! The favorite of the nusses and the terror of competitors. Think of it! \$1,500,000 worth of Men's and Boys' Clothing, Hats, Caps and Furnishing Goods, Boots and Shoes for all ages of both sexes, as well as Tranks, Satchels, etc. All under one roof, and every article of the latest style 2 and the price the very lowest in the country. But it is principally from an economical point of view that you should patronize Kaufmanns'. Manufacturing themselves most of the goods they sell, and buying the balance direct from American and European factories and enjoying all the advantages of an unlimited capital and a long experience. it stands to reason' that Kaufmanns can easily undersell all competitors. Country merchants within a radius of several hundred miles from Pittsburgh are buying more or less of their supplies from Kaufmanns, and it is safe to presume that in more than one instance have you personally bought a suit, an overcoat, etc., from the home merchant that the a latter bought himself at Kaufmanns', to sell again at a high profit. But why swell another man's pocketbook at the expense of your own? BE WISE! Why pay the high-price home dealer probably 25 to 40 per cent, more than the same identical goods are sold for at Kaulmanns'? BE WISE! Wouldn't you rather hear the money rattle in your own pocket than in some one else's? BE WISE! Look out for you interests! Do as the dealer does-CO TO KAUFMANNS' GRAND DEPOT. Will it pay? Well, we should smile ! Why, if you live a hundred miles from Pittsburgh you will save enough money on the purchase of a single suit to pay for your fare both ways. We know of a certain farmer of Indiana Co., Pa., who recently bought some goods at Kaufmanns' amounting to \$35, and when on arriving home, he compared the prices with those of the local dealer, he found that he had saved just \$11.45. This is is an almost everyday occurrence. But, if you haven't the time to E travel to Pittsburgh, what then ? Why, patronize

There is really not the slightest excuse or occasion for any person failing to patronize this Mammoth Outfitting House. Bear in mind, if you need a suit, an overcoat, a pair of E pants, a pair of shoes, a hat, a cap, any article of furnishing goods, etc., then buy it at bottom prices by either going or writing to
