A NEW LEASE OF LIFE. When one has been suffering the agonies of a severe attack of rheamatism, neuralgia or sciatica, and relief comes, it seems as a new lease of life had been granted. Such have been the feelings of thousands who after trying physicians and number-less remeties, have used Athlophoros and found to their great joy that this medicine really did cure these discuses.

867 Fulton St., Brooklyn, N. Y. After suffering for nearly two years with a continuous attack of rheumatism; after trying almost every specific, domestic and toreign, which the creditity of a wise man, or a fool, might lead one to trust in, it was a double pleasure to me to find a remedy which, originating in the famous "City of Elms'—the home of my ancestors and its first founders—has proved so invalua-ble a blessing. It is nearly six months since I was led to trace out the significance of that word Athlephores. It has proved to me, in a good degree, a renewer of my former vizor and strength, so that I have been embled to move about with almost vootaful activity, and to feel, while approsching my "three store years and ten," But all women are not so that I have a new hold on life.
