SHOES,

Quite a large band of gypsies have been circulating our streets for the past few days. Their encampment was about two miles from here.

Stoyestown is still improving. Two new houses nave been built this summer, one by Mrs. Me Vicker and the other by Mrs. Barnt, and P. J. Cover has built an extensive addition to his store."

Sterry Tox.

dead poet who discovered them. It is a stronger force, however, than electricity, which draws people to Chantanqua; it is the power of ideas, the swift strength of magnetic intellectuality, generated by the friction of usind meeting mind.

In the bracing atmosphere of Chantanqua, with her thousand refining strengthening, cannobling influences, gather the best representatives of American manhood, and we will start for a substitute that these two worthies were getting a little more than their share of attention. Leaving the summer months. It is a stronger force, however, than electricity, which draws people to Chantanqua; it is the power of ideas, the swift strength of magnetic power of ideas, the swift strength
