A Proclamation Naming Octobe

We have received from the state super tendent of public instruction a circular rela ting to tree planting and naming a date to be observed as Arbor Day This is a subject which should interest everybody. It is of so peuch importance that we print the circular

plish in the schools of the commonwealth s but begun. What has been accomplished is but a prophecy of what is to be done. A field ever widening is before us. School grounds especially must be properly enlarged, and fitly ornamented, so as to secure the admiration of our communities, and become source of refining eniture to all the youth forward the improvement of our roadsides until man and beast shall travel beneath th de, and the birds come back again t heer them with song. Then rural parks an be provided, wherever possible. universal sentiment be aroused, which shall guard our mountain springs and streams and keep intact the similowy hills and mossy dells with which our state abounds.

Trees must be more generally thought of and cared for by the people of the state. Forest trees, fruit trees and shade and ornamental trees must be looked at, thought about and planted everywhere. Tenchers, directors and superintendents may become most influential factors in directing attention to this necessity of tree planting, the kinds of trees to be planted in different localities. the manner in which the work should be done, and the results that must follow which are in every way profitable.

ship; also, bridge over Laurel Hill creek, in and shrubbery and vines. Let the subject of
