JOHN G. SANNER, No. 8, Mammoth Block,

-TO SELL-PHOTOGRAPH ALBUMS Had whacked his fees like blazes;

His fees did greatly fear him; A thousand men in each cobort-One hold and blust'ring bugle note,

He'd dash o'er every castle moat, And vanquish all before him. Ten vassals all his liquor bore In buckets to his table :

As long as he was able. He'd ent a boar's head steaming hot, Waile trophadours would carel : With tons of wine, he'd drink the lot And mulled sack by the barrel.

He'd drink and guzzle, shoot and roar

And few that could resist him-He'd neither sleep, nor drink, nor eat Until he went and kessed him.

And when they'd hugg'd and kiss'd like mad Their lass as red as roses, They douif each other awful bad And pull each other's neses.

A kiss-a drink-a punch-a hug, Each chief with " old sack " reeling; Then arm in arm the'd pull and tug "To show they'd no ill feeling." So dry and sly was Hugelgig.

He'd smile and joke and talk and swig Whife plots he still was latching. He'd say, "You dear old savage cuss, You fought like one gone crary,

But set's forgive! Give me a buss!

Ole boy, you are a daisy." Early neurded, feudal robber Would kiss and smack as each one he Would grasp and kiss and slobber.

How history doth itself repeat ! 'Way down in Cleveland city, Two generals showed their love to greet In mood so quaint rad witty. That is, they did the kissing part-

"Never!" answered Lottie. "Then you'll never see me flirting Public Libraries.

The growth of public libraries has been one of the most remarkable features of 9th century progress. The British Musettin, which in comprehensivenes takes presedence of all the great libraries of the world-its collections even of foreign

literature, comparing with these of the countries in which they were precisedwas founded as late as 175%. Half a century ago, when the late Sir A. Panizzi took charge of it, its printed books numbered only 349,000. They are now considerably over 1,500,000. As to the other libraries of the metropolis, and of the United Kingdom, though their increase has not kept pace with that of the museum, they have undergone very marked development, and him hads of new libraries, general and special, public and private, reference and lending, and Lottie replaced her engagement ring on her finger, and Raymond never told both combined, have been established

throughout the country. It is in the free public libraries of the love match, and consequently they ought. The Garnish of Housekeeping. towns, however, that the recorded advance has been most extraor linery and We all know the difference a little taste of greatest utility to the communities and care make in the proporation of our freed, and how much more paltable is the that have profited by them. Mr Exert's plainest fare daintily served than the Public Laboratics act of 1860, amonded in succeeding years, gave a well-sens limpetus. most recherche cookery if carelessly or to the movement. Over 100 cities and untidity prepared. The same rule hold towns have rate supported literies-in good in the daily life, and no one should accordance with the acts, though it is be more alive to the fact than our housenote-worthy that some of the more paper-It is in most cases owing to this lack lous centers still hold back-being, in of garnish that the majority of the din- some cases, at least, supplied from other culties that beset the 19th century house sources. It is all the more to the credit mothers arise. We despise the day of of the smaller towns that they have small things, and so fall by little and availed themselves of the provision made little. Little rouganess pass unchecked, for them by the law, something like 80 little courtesies neglected, little mean- of the public library towns having under nesses overlooked or laughed at, small 400,000 inhabitants, and of these about 35 matters that seemed too trivial to notice not exceeding 35,000. Some of the towns at the time which yet will in the end had (by bequests) the nucleus of libraries

The Manchester Free Library was the We all know that in our housekeeping | first to take advantage of the act of 1850 -the library being opened in 1852. We count the cost of a large outlay, and Liverpool, Salfard, Nottingham, Birmingmake provision for it; but it is the tiny ham, Newcastle, Leeds, Bradford, Bristol, sums, the pennies and half pence, that Leicester and other places followed the mount up so terribly and so mexpectedly example. In Scotland, after 1854, the in our weekly accounts. Well, it is the act came into operation and a number of same in our daily life; the foolish jest, towns availed themselves of it. Dundee, harmless enough possibly to the elders, for instance, has a public library of bebut which the children hear with round | tween 35,000 and 40,000 volumes. Until parently Dundalk was the only Irish conclave; the hasty, discourteous word town that had made use of the act; but to your governess, for which you proba- several Irish towns have fair libraries, to bly apologized nicely enough later, but which the public has access, and an effort which the maid, or the bairns before bus of late been made to make a more whom you so thoughtlessly uttered it extended application of the British sys-
