ts, but it will be mentioned in the early weeks of Congress. If the Democracy wants to go on record as opposing the admission of a State because its politics don't suit them, let them do it.

after the election of 1888. If her population were less intelligent and consewhich their intelligence implies, she hand in the glorious fight next year. Tue death of Mr. Daniel Manning, Mr.

Cleveland's Ex-Secretary of the Treasury, that in private conversation he went on to bodies with the wagon box and started out York, Saturday afternoon is to be greatly regretted by all people without regard to party. His death is a loss to his state. the country and more especially, the Democratic party. It was thought by mount that he carried most, if not all, of the brains of the Cabinet of which he was a member. He was one of the ablest and most courageons leaders the Democratic party possessed. He was in the fifty-seventh year of his age, having been born in Albany on August 10, 1831.

Tere New York Press says: Republican Senators who vote for Lamar's confirmation as Supreme Judge will be voting the wrong answer to the following question: "Are you a Republican from principle, publican in name only, and because you come from a Republican State where Re-There is no honorable middle ground, for if the Republican theory is not right it is wrong, and those who think so she become Democrats and fight it.

THE stories from Western Kansas, which we publish elsewhere, of suffering and destitution give a truer picture of the people of the East had been led to expect from the advertisements of land agents. Most of that section of the country is beyond the limit of successful agricultural development; but as millions of acres were granted by the Government to rationed companies, the resources of those create booms in real estate to lure settlers from the East. Many of the newcomers, after a short experience, have found their means exhausted. They are unable to return, and have no alternative but to remain and struggle with frequent failtions that are insurmountable.

ed by the President, in proclaiming to the country his Free trade principles, subsided as suddenly as it was raised. Pluck, tenacity of opinion, devotion to principle, are admirable things in their way, but will the American people in their admiration for these qualities, assent to a renewed lesse of power to the President who would use them to overthrow a system that has surely led to our present dealy brought a surcease of joy to all President and Cabinet will attend the funertrade England, when the contents of the clubs will attend. message became known there, the gratification displayed over the hope engendered by it, that duties on the products of their purper-paid labor, were to be so with the products of our own mills and factories, startled and at once arrested permit the English manufacturers to and attend the funeral. ompete in our own markets with their products, cannot be good for them. Every intelligent man in the country knows that, if the manufactured products of Europe are permitted to compete with our own, then wages here must be reduced to the European standard, or we must close our works of every sort. When Gross Pointe, was sent to the asylum recent that time comes, as it will come, if the ly and confined in the department for viotheory advocated in the President's mes- lent patients. sage be adopted, it will not only be the operatives who will suffer the penalty watch of the guards and reached the open They were without coal and the blizzard and distress, but the farmer and butcher, elevator well, down which she threw herself came upon them so suddenly that they were official duties as Chief Mag and every one engaged in furnishing food | from the third story head first.
