Then the slayer went to another field where Oderholt was at work. Oderholt's borse was first slain by Miller and then Oderholt himself. It is supposed that Kinsey and Olerholt attempted to shield themselves behind their horses. When the revenge was complete, Miller procorded to the but which served as his home and after setting fire to the place blew his own brains out. His blackened corpse was found in the burning debris when the frightened neighbors mustered courage to investigate. Beside him lay two guns and a bowie knife. Miller was a foreigner, forty years old, and lived alone. Kinsey and Oderholt were among the most respected citizens of the county.

The beautiful and appropriate ceremonies then inaugurate have become, year after year, more impress ed upon the loyal hearts of the people, and with a reverent gratitude for the rejoice to observe and participate in the pamembers of the Grand Army, we should appreciate the fact that the duties of the day are imposed upon us by the principles of our can we more fittingly and effectively " peravocations for a time, and lay our annual tribute upon the graves of our departed comrades. We should remember the sacredness of the duty thus devolving upon us, and approach its discharge in a becoming manner. Let our conduct be such as to bring no reproach upon our loved organization and make its observance a work of love, an a duty for all time to come. Let us, therefore, on Memorial Day, repair to the las resting places of our patriotic dead, carrying with us the choicest flowers of spring time, and with them and the flag they belped to save from dishonor, "garland the passionless mounds above them," and thus teach by our example that devotion to country and flag is worthy of imperishable remembrance. REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder. "I have tested a package of Royal Baking Powder, which I purchased to the pen market, and find it composed of pure and wholesome ingredients. It is a cream tartar powder of a high degree of merit, and does not contain either a un or hosphates, or other injurious substances.

E. G. Love, Ph. J. " "It is a scientific fact that the Reyal Baking Powder is absolutely pure.
"H. A. Morr, Ph.D."

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious sub-stance. HENRY MORTON, Ph.D., President of Stevens Institute of Technology."

The Royal Baking Powder received the highest award over all competitors at the Vienua World's Exposition, 1873; at the Centennial, Philadelphia, 1870; at the American Institute, New York, and at State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Note-The above Diagram illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by

While the diagram shows some of the alum powders to be of a higher degree of strength than other powders ranked below them, it is not to be taken as indicat-ing that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.

Prof. Schedler only proves what every observant consumer of the Royal Baking

Powder knows by practical experience, that, while it costs a few cents per pound

more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any
