New Obleans, June 20. -Some weeks ago a species of consumption broke out among the hogs in St. Tammany and neighboring parishes of the State. The disease became so severe in some sections not a hog was left within a radius of twenty miles. They are ravenously, but wasted away until they were FARMERS, look to quality as well as price in boying PHOSPHATES. Important to tion, produced apparently by tuberculosis. Soon afterward another, or the same disease

The animals were attacked by tocal swelling, paralysis, and "staggers," ending in ing, paralysis, and "staggers," sending in death. There was some difference in opinion as to the cause of this disease, but the soil and ingredients, Bone, Biood, Tankage, Etc. Braven, Pr., June 20 - Henry Schmautz, a former Pittsburgher, who lives on a farm n Moon township, is the victim of light ning-rod sharpers to the extent of \$237. The other day two men told him they would like to test his lightning-rod. They prononneed it "no good," said they wanted to advertise their rod in this section and would put one up for him free of charge if he would pay for the part which went in the ground. He signed what he supposed was an agreement to that effect, but to-day discovered that he had really signed a note for \$237, and that the sharpers have discounted it at
