Report of the Poor Directors.

[Continued from First Page.]

rectors desire to thank the citizens for the interest which they have manifested in the welfare of the Poor House in their kind expressions and words of praise in the management of the House, and feel that by another year they can add greater improvements which will be of great benefit without any additional expense.

Great credit is due to our very efficient Steward, for his assistance in the running of the Home, and his economy and interest manifested in the welfare of all.

Successful Treatment of Disease

A SCIENTIFIC DISCOVERY!

MICROBES the Cause of all Diseases.

MICROBE KILLER Kills the Microbes.

Successful Treatment.

CURES: Catarrh, Bronchitis, Consumption, Malaria, Rheumatism.

Wonderful Tonic and Blood Purifier.

The efficacy of the Microbe Killer in cases of consumption has been well demonstrated. But we are not confined to claiming for it curative powers beyond those of any medicine known. We do not claim for it impossibilities in curing cases where the system is in such a state that no remedy can reach it to help it, but we do claim that it will cure any case where the system can be reached by medicine. Being purely vegetable and distillated, will find it the best tonic. Every one should use it, particularly those who have suffered for years with mercurial rheumatism. Most skin diseases are causes of disease. The Microbe Killer will kill the germ and at the same time cure the patient in the one to one.

Sold only in one gallon stone jugs. Price $3.00, each must be labeled "Not to be taken by children." Circular with full description of the ailments for which it is recommended, sent free. Physician of 17 years experience in charge of the office. Send for circular.

EVERY YOUNG LADY IN THE LAND EXPECTS TO BE THE OWNER OF A

Sewing Machine

Unless She is Already, but which of the many Machines in the Market

WILL ANSWER HER PURPOSE BEST

in every respect, is the question that now engages her mind. She is well aware that a Sewing Machine costs too much to make

FREQUENT CHANGES,

But this question has now been solved for her. At the great Centennial Exhibition at Cincinnati, after

of Solid Competition with all the professed best Sewing Machines in America, before a jury of mechanical experts, it was awarded a

SILVER MEDAL,

the highest and only award given to Sewing Machines, pronouncing it to be the most durable, the lightest and quietest running, and best adapted for family purposes. This, coupled with the fact that it entered the field in 1877, when the market was glutted with Sewing Machines,

700,000

have been sold, more than double as many as any other Company's for the same time it was on the market. Ladies of taste and good judgment, after carefully testing the merits of the

WHITE,

and its new Steel Attachments, absolutely the most Durable and Best, will not entertain the thought of buying any other Sewing Machine. Sold on the most reasonable terms by
