

Prohibition Discussed by the Great Church Paper- A Calm and Thoughtful View.

The following article, from the Christian Consu, movies the attention of all who are to vote an prohibitory amondanent. The Christian Union is come of the stamminstadvantates of temporators. It may at

"In the States of Pennsylvenia, New ; Hampshire, Massachunetts and Nebraska the propie are to be asked this egging to incorporate in their Constitutions a clause problimiting all manufacture and sale of alcoholic fiquors as a hererage. Some of our subscribers have asked us for an opinion on the issue thus presented, and as it is distinctively less a political than a moral issue, we think that they are entitled to a frunk and categorical reply. Abur answer is that we do not advise our readers in either of these States-unless, perfrage, Nebraska -to vo'e for the amendment projemed.

"We do not here undertake to discuss the general principles involved in prahibition in its various forms-local, statut ory and constitutional. The objections to that principle appear to as serious and weighty, so serious and weighty that they can only be set aside by the conviction that only by absolute prohibition can the open saloens he closed and the commutnity protected from the exils which flow from it. But whether it can be closed by all can join ; where stories can be well prohibition is as yet an open question, told and games of intelligence played, Prohibition as an effective measure of temperance is still an experiment, and a another's knowledge. somewhat doubtful experiment. The

general results of this experiment thus ble lot vanish before the sunshine of an far justify the conclusion that it succeeds in a rural community where Protestant and Paritan elements are in the ascen- is the great prize of life. daper, and fails in commercial and manufacturing communities where the popuintion is beter spine as. It has succeeded in Kansas, In Jowa and in the country districts and smaller towns in Maine. It has not succeeded in the large cities of twenty years in anticipation of his return Maine. It has been once tried in Mas- and when he did return in disguise, to vachusetts, and ignominiously failed. It find forty-two suitors for his wife's hand is, according to all accounts, a failure in Rhode Island. It is nimost certain that facturing cities of Pennsylvania. In Ohio adds, it crawled to his side, licked his it would fail in the mining and manua similar provision in the Constitution, hand and died. prohibiting license, gave over the State for years to free liquos, and made Cincinnati a by-word and a reproach. Is it wise ades, wishing to distruct the attention of for beaperance mon, who desire to abol- the Athenians from his political schemes, ish the salash altogether if they can and to restrict if where abolition is impossible, to incorporate in the Constitution of the State so doubtful an experience." We promenaded the agora or market place. can give but one answer to that question -an answer in the negative?

"In Philadelphia, ander the present liquor law, the saloons have been reduced to one-fourth their former number. In ting off the tail of Alcibiades' dog," the Roston, under the present law, the saloons have been already reduced somechanged, all the licensed sellers will be ents. His favorite animal always account thing like om-hall, and if it is left unreduced to 780. Deducting from these the panied him to his council of ministers 100 hotels, the 100 wholesale merchants, and the 150 grocers, there would be left cellor, and Eginhard, the historian. Some not over 400 or 450 restaurable and saloons that could get a license. Is it wise to abandon the advantages thus already obtained in Philadelphia and Boston for mitted the massacre of St. Bartholomew, the sake of trying the doubtful experiment of closing them all matanter by a constitutional prohibitory amon lmont? We can give but one answer to this ques-

tion : an answer in the negative. "We are very well aware that some of The correct number of stars on the

The Poor Man's Wife. CARTERS It is for the women whose husband works hard to earn money that I propose this specini and superior education to enable her to spare and spend his money as well and wisely as he earns it. It is must necessary for the poor man's wife to

know the value of money and the nature of money's worth. The cost, value and wise way of using her fuel is to her and hars a first pred. The first principles of cookery are to ber vital conditions of ex-

istence. She, shove all should know how to sevote upon the question whether they will leet good food, to cook it wholesomely and nutritiously, to mix good drinks, to buy cheaply, and to get good measure and exact quantities of all she wants ; to buy all of the best, and all at a moderate price, that is her special wisdom. How to clothe her children, her husband and herself with good, lasting, warm stuffs; to select them herself, to cut them herself, to sew them herself-there is occupation, enjoyment, virtuous work. Then to be able to teach her children all she
