

See it down, that Governor Foster, of Ohio, is a striker and a runner.

The [of the fourteenth] Regiment, Pennsylvania National Guard, for its service at Johnston, was \$20,000.

The much talked-of battle between the two champion pugilists, John Kilrain and Sam McInnis, will take place next Monday, July 10, at New Orleans.

CHARLES A. A. STEVENS and other members of the Prohibition State Committee, have fixed upon August 23d as the time for holding their State Convention. The place has not yet been decided upon.

It is estimated at the Treasury Department that there has been a decrease of about \$15,000,000 in the public debt since June 1. This will make the debt reduction for the fiscal year ending June 30, \$88,182,300.

The passage of Scripps' "The Citizen" in his own name and as his "editor" is not insinuated by Democratic and Mugwump Federal officials who are holding on and howling when removed as if a great crime had been committed.

Hon. FREDERICK DOUGLASS has received the appointment of Minister Resident and Consul-General to Haiti, Mr. Douglass is admirably fitted for the position, and as a representative of the colored race and a champion and defender of their rights, has no equal.

The *American Economist* condemns a whole chapter of political economy into the statement that the cost of living has declined 50 per cent. and the rates of wages have increased 50 per cent. within this century. This single fact outweighs tons of maxims in the free trade literature of the day.

The verdict of acquittal brought in by the jury in the McDay murder trial, at Charleston, South Carolina, Saturday, was not unexpected. Since the close of the civil war, although innumerable murders have been committed in that State, not a single white man has suffered capital punishment.

The hearty and enthusiastic way in which the entire Republican party of the Buckeye State has announced its unreserved determination to make the Hon. Joseph Bennett Foster Governor of Ohio for the third time, is calculated to make the unhappy and despondent Buckeye Democrats more morose than ever.

CHARLES ANDREWS, of the Republican State Committee after communicating with all the members of the organization as to the time suitable for the meeting of the State Convention, has fixed upon Wednesday, August 7, for the meeting of that body to nominate a State Treasurer.

Last year our Democratic brethren were in a painful state of mind over the accumulation of a big surplus in the national treasury. This year they are frightened almost to death because they fear that Commissioner Tanner will do something to decrease that very same surplus.

It is to be feared that our Democratic brethren are very hard to suit. It is said that there will be over one hundred delegates from the United States to the International Congress of Workmen soon to be held in Paris. One of the main questions to be brought up at the congress is that of the international co-operation of wage-workers to secure the hours of work, the labor of women and children, the enforcement of sanitary laws, and the prevention of wars.

Facts often come to light which show that certain fellows out of the penny party should be taken care of. Some of these are in there should be let out. The other day William Neason, convict in the California State Prison at San Quentin, rescued a man who was drowning in the bay. The man gave him \$20. Neason asked the warden to send the money to the Johnston sufferers. The fact was that the Governor's "Penny Party" a few days ago Neason received a free pardon.

When asked his opinion of the new Administration, General R. F. Butler responded: "Every American citizen ought to be satisfied. The State Government is a veritable triumph of diplomacy. All of Harrison's appointments are excellent. The only complaint I hear is that the President is not removing Democrats fast enough. The rule that has established, permitting capable political opponents to hold office, has done more to make him strong with the people. Harrison is all right."

In the contested election cases in West Virginia the Democrats are throwing out votes on the innocent technicalities of going back twelve years to find excuses for doing. In November, 1888, General Stoff was elected Governor of West Virginia, receiving 78,904 votes to 78,708 votes for Fleming, the Democratic candidate. In any of the older Northern States a majority of one would have been sufficient to elect. In West Virginia (with a majority of 186) was ignored by the Democrats. He was not allowed to take his seat, and the question was referred to a legislative committee. This committee on Wednesday threw out seventy votes in Brooks county on the plea that in 1877 the county authorities declared certain changes in the boundaries of election districts, and that the rule was never carried out. Two Federal elections and two State elections were held after the county authorities made the rule and the votes were counted. Under the direction of the election officers the people of the county were divided into precincts in 1884 and yet this Democratic committee disfranchised seventy votes on a technicality that would not stand a minute before the court. If this same statute is pursued, of course Governor Stoff's majority can be destroyed. What are the disfranchised citizens going to do about it? What are the honest Democrats of the State going to do about it?

GENERAL SIMON CAMERON died on Wednesday last, on the old farm in the loved so well, at Donnell Springs, in Lancaster county, Ohio. He was just ninety years of age, having been born on March 8, 1793. He was a most remarkable career. He entered into the politics of the State in 1822, and remained a most potent factor therein until the close of 1850. A man of strong will and of fixed convictions, he was necessarily encountered much opposition and engaged many animosities during his long political career. With his retirement from active par-

SIMON CAMERON BURIED

Many Prominent People Attended The Funeral. He was buried in the city of Philadelphia, Pa. The funeral was held at the residence of General Cameron on Tuesday, June 29, at 10 o'clock. The funeral was held at the residence of General Cameron on Tuesday, June 29, at 10 o'clock. The funeral was held at the residence of General Cameron on Tuesday, June 29, at 10 o'clock.

RIGHTFUL RAILROAD HORROR

Loyalists Creek the Grave of Forty Human Beings. The tragedy of the night of Monday and Tuesday last, when a train of the Pennsylvania Railroad, at this place, was the scene of the collision of three freight trains, the dead bodies of 40 human beings were found on and around the wreckage. The wreckage was piled high, and the bodies were scattered about it.

SECRET REPUBLICAN OPPOSITION TO HIM IN '64

New York, June 25.—The unwritten history of the war contains probably no more sensational feature than the publication of the secret Republican opposition to Lincoln in the summer of 1864. The story is that in the summer of 1864, a secret meeting was held in New York, at which the leading Republicans of that party met to discuss the possibility of opposing Lincoln's re-election. The meeting was held in secret, and the participants were sworn to secrecy.

ST. CLAIR'S OPPOSITION TO LINCOLN

St. Clair, Ohio, June 25.—A meeting of the St. Clair Republicans was held on Tuesday evening last, at which the leading members of the party met to discuss the possibility of opposing Lincoln's re-election. The meeting was held in secret, and the participants were sworn to secrecy.

THE RAILROAD FUND

Harrisburg, June 27.—A meeting of the Harrisburg Republicans was held on Tuesday evening last, at which the leading members of the party met to discuss the possibility of opposing Lincoln's re-election. The meeting was held in secret, and the participants were sworn to secrecy.

THE CENSUS

Pennsylvania is Divided into Ten Districts for Enumeration. The Census Bureau has completed the division of the State into ten "Census Districts." The districts of Pennsylvania are altered very materially from what they were in 1880, the effort having been to associate counties having similar interests. The population of the new districts, according to the Census of 1880, was as follows:

First, Philadelphia county, 247,170; Second, Delaware, Chester, Lancaster, and York, 328,270; Third, Montgomery, Berks, Lehigh, Northampton and Luzerne, 219,025; Fourth, Northumberland, Mifflin, Columbia, Dauphin, Schuylkill and Lebanon, 318,305; Fifth, Susquehanna, Wayne, Wyoming, Lackawanna, Pike, Monroe and Carbon, 272,550; Sixth, McKean, Potter, Tioga, Bradford, Elk, Cameron, Clinton, Lycoming, Sullivan, Clearfield, Centre, 313,843; Seventh, Union, Snyder, Mifflin, Blair, Huntington, Juniata, Perry, Cumberland, Bedford, Fulton, Franklin and Adams, 309,067; Eighth, Chester, Jefferson, Armstrong, Indiana, Westmoreland, Cambria, Fayette and Somerset, 273,230; Ninth, Berks, Allegheny, Washington and Greener, 479,163; Tenth, Erie, Crawford, Warren, Mercer, Venango, Forest, Lawrence and Butler, 301,320.

Each of the ten census districts has a superintendent who receives at least \$120 compensation, and in addition gets \$1 for each 1,000 names enumerated, and no division superintendent is to receive less than \$500. The superintendent and the enumerators in the district will receive something like \$2,000.

In 1880 Pennsylvania had 2,773 enumerators, while New York, with a much larger population, had only 2,857. The State will probably be divided into 3,000 enumeration districts for the eleventh census.

DISASTER OVERTAKEE ENCLAVES

BRADFORD, TENN., June 30.—Some very sensational developments have come to light in regard to Hiram Claiborne, one of the injured passengers in the wreck on the Chesapeake and Nashville Railroad, near this place, last Wednesday. Hiram Claiborne lives with his wife and three children near Lafayette, Tenn. Hiram's last three years, some five children, of whom Hiram's wife has two, were born in his family. Hiram's wife has three children, of whom Hiram's wife has two, were born in his family.

CAN'T GOOL WITH NIGRARS

NIAGARA FALLS, June 30.—It took less than an hour this morning to fully demonstrate that Graham's "life-bark" is as much a failure as the other "life-bark" advertised in the newspapers. It is a failure as the other "life-bark" advertised in the newspapers.

STILL WORKING AT IT

JOHNSTOWN, July 1.—The removal of the debris from the wreck of the Johnstown Railroad bridge is still being carried on. The removal of the debris from the wreck of the Johnstown Railroad bridge is still being carried on.

VALLEY OF DEATH

A thrilling account of the awful death and the destruction of the Johnstown Railroad bridge, and the destruction of the Johnstown Railroad bridge, and the destruction of the Johnstown Railroad bridge.
