

These varied utterances and striking allusions and their peculiar conclusion from being arrived at. The Republicans, by these tactics, deprived of the fruits of the victory they won in November, but retribution is sure to be meted out to the democracy when next the people have an opportunity of declaring their will to the nation.

THE NATIONAL CAPITAL IS A RATHER LONELY PLACE just now. It is about as completely deserted by people of prominence in society and politics as New York. The President is still at Washington, but he will soon leave for New York.

INDEPENDENCE DAY was celebrated not only in every city, village and hamlet of this country, but in every capital of Europe and in Mexico. No other day causes such widespread rejoicing. And this is right. It represents liberty of conscience, and is every man's day.

THOMAS JEFFERSON said: "Were I left to me to decide whether we should have a government without a government, I should not hesitate a moment to prefer the latter." Mr. Jefferson was a discerning man, and knew what he was talking about.

THE JOHNSTOWN BELIEF COMMISSION is said to be about ready to begin the distribution of \$1,000,000 of the total amount of \$2,000,000 contributed for the relief of the flood sufferers. They seem much less anxious to distribute the fund than the generous public was in contributing it.

SENATOR BERRY declares that no party will ever live to write the epitaph of the Democratic party. Its epitaph was written long ago when the principles of the old Democratic party were repudiated and died. What is now masquerading under the name is not even a healthy remnant.

THE OLD BIRD KNOB FLOOD and bloodshed has broken out in the half-civilized districts of Missouri again. Reports of the killing of three more men have just come in, and there is every prospect of more to follow. If the flood is kept up very much longer the fighters on both sides will be all killed off. Then, perhaps, Taney county will have peace.

UNITED STATES SENATOR LEWIS presided at a dinner given in London July 4, and in referring to Lincoln Town said its name was not in honor of the man, but a reminder of the freedom to which Abraham Lincoln devoted his best days. We don't hear much of Lincoln when Mr. Lincoln is winning his way to a popular place in England more rapidly than any representative of this government in recent years.

OF THE TWENTY-NINE COUNTIES which gave majorities for the prohibitory amendment twenty-five are Republican and four Democratic. Of the thirty-eight counties which gave majorities against it twenty-two are Democratic and sixteen Republican. The number of the Republican counties in the State is forty-one and the number of Democratic counties twenty-six.

OUR DEMOCRATIC FRIENDS who are trying to make the result appear as a partisan matter should study these figures carefully.

WRITES THE LAST YEAR British capital to the amount of \$200,000,000 has been invested in this country. This does not look as if the howling free traders of that country thought that Protection was ruining the people of the United States. There is a vast deal of difference between theoretical teachings and practical business results. Our Democratic brethren are persistently proclaiming that this country is going to the dogs because free trade was beaten at the polls last fall, and yet their allies from the hot-bed of free trade are giving them the lie by investing their money here. Evidently they do not find it profitable to practice what they teach.

AT THE RECENT session of the Pennsylvania Legislature a very severe law was passed relative to the killing of song and other wild birds, except game birds, or destroying their nests or eggs for more than strictly scientific purposes. Every naturalist in this State must make application to the Prothonotary of his county for a certificate, for which the sum of one dollar is paid, otherwise he cannot, without being liable to prosecution, collect birds, eggs or nests even for scientific study. A law has been passed giving the right to collect eggs for scientific purposes, and in consequence every school boy at once became a scientist, and rifled the nests indiscriminately, possibly starting a collection that in a short time would be swept away as rubbish, and the only result attained being the startling diminishing of our local birds.

THE REPORTS that come to us from the West are conflicting and largely speculative as to the relative strength of the two great political parties in the incoming four new Western States. That the Dakotas and Washington are decidedly Republican seems to be generally conceded, but there is a wide divergence in the estimated majorities. The Constitution Convention of all three are now in session, and in each convention there is a decided Republican majority that controlled the organization and elected the presiding officers. In Montana the Democrats secured a small majority of the delegates, and its convention was organized and officers were named by members of that party. The Republican success in understanding this, that they can and will carry the State at the October election, and if they all pull together earnestly we believe that they will command success.

IN NOVEMBER last they had an election in West Virginia that didn't end. Eight months have elapsed since that time and through the juggling of politicians the former Democratic Governor is still wielding the powers of that office. Clearly a new Governor for that State was elected in November last, but through chicanery and corrupt practices he has been prevented from assuming the duties of his office; the Democrats profiting by the fact that the hold-over Governor belongs to their own party. The best evidence that the party now wielding the powers of government know that they are being beaten and that a fall, fair and free election will establish a new fact, is the means resorted to by them to prevent a decision. Everything that can be done has been done to retard the investigation and prevent a change of rulers, and it begins to look as if the Democrats had fully determined to retain the control of the State, by frittering away the

THE B-LAME IS PLACED.

A Governor's Jury Charges the Terrible Johnstown Flood to the Fault of the South Fork Dam. JOHNSTOWN, July 6.—(Special Edition.)—The members of the South Fork Fishing Club responsible for the loss of life and the destruction of property occasioned by the bursting of the dam at Conemaugh Lake. The last session of the Governor's court was held this evening and the case was examined. At the conclusion of the testimony the jury deliberated upon the case for about half an hour, and then found a verdict against the members of the club. The following is a verbatim copy of the verdict as written by the coroner: We, the undersigned jury, impelled to investigate the cause of the death of Ellen Hite, on the day of May 31, after hearing the testimony, find that the cause of her death from drowning, was the bursting of the dam caused by the breaking of the South Fork dam. We further find from the testimony and what we saw on the ground, that there was not sufficient water over the dam to have caused the bursting of the dam.

MR. HARRISON'S FOURTH.

Addresses a Large Number of People at Woodstock. WOODSTOCK, Conn., July 4.—The morning opened with a nice bright sky and the ground was clear of water, so that farmers at a distance were all under way for Woodstock. The crowd was very thick and the streets were thronged with people. The speaker was very well received and his address was very interesting.

WATERWORKS, Conn., July 4.—The morning opened with a nice bright sky and the ground was clear of water, so that farmers at a distance were all under way for Woodstock. The crowd was very thick and the streets were thronged with people. The speaker was very well received and his address was very interesting.

THE PRESIDENT'S SPEECH. Hearty applause and ringing cheers greeted the President as he spoke. He spoke as follows: President and fellow-citizens, Ladies and Gentlemen: It is not my purpose to make an address to-day. I do not know until this morning that the program would contain any mention of my name at all; but it would be altogether unjust if I did not, in this opportunity being given to me, express my thanks to you for the honor which you have conferred upon me by your presence here.

THE PRESIDENT'S SPEECH. Hearty applause and ringing cheers greeted the President as he spoke. He spoke as follows: President and fellow-citizens, Ladies and Gentlemen: It is not my purpose to make an address to-day. I do not know until this morning that the program would contain any mention of my name at all; but it would be altogether unjust if I did not, in this opportunity being given to me, express my thanks to you for the honor which you have conferred upon me by your presence here.

A Night of Horror.

DEVELOPMENTS. July 5.—No further loss of life is reported from the collision of the excursion train on the Chicago and Erie at Richburg, Tenn. The engineer and fireman on both trains jumped for their lives. Engineer Snyder, of the excursion train, was so badly injured that he may die. Youth Simpson, a passenger on the excursion train, has been pronounced beyond recovery.

IS STILL CHAMPION OF THE FISTIC WORLD.

HE DEFEATS KILRAIN IN A BATTLE OF SEVENTY-FIVE ROUNDS. NEW ORLEANS, July 3.—John J. Sullivan defeated Kilrain in the championship of the world, 29,000 of the city of New Orleans, looking 2 to 1 and 15 minutes.

THE BATTLE took place at Richburg, Perry county, Miss., and though Kilrain was not so badly injured as he was supposed to be, he was not knocked out, but when it was evident that he had no more chance, Charley Kilrain went over to Sullivan's corner, and offered to give in for Jake if Sullivan would make Kilrain a present. The answer was characteristic of the man. It was: "Let the duffer come on and fight." As shown as Mike Donovan heard this he then threw up the sponge for Kilrain.

SULLIVAN WANTS TO FIGHT MITCHELL. Then ensued a scene of wild excitement. Charley Johnson kissed Sullivan, who broke from his grasp and rushed to fight Charley Mitchell. He was so excited that he had all his arms and legs ready to fight. He was all right when he hit Mitchell. Then Charley himself wanted to fight with Mitchell, but he, too, was prevented.

THE MEN fought in what appeared to be a very small 24-foot ring, surrounded on three sides by a crowd of spectators. The intention was to have the affair come off earlier in the morning, but the first train did not arrive until near 9 o'clock and it was 10 before the last one reached the ground.

MITCHELL'S FIELD OF ARREST. Then Charley Mitchell kicked against acting as Kilrain's second, on the ground that the laws of Mississippi were very severe on the subject, and he did not want to be arrested. He was in constant communication with J. T. Norris, an Old-England, and had several written opinions from him advising him not to second Kilrain or to permit Jake to fight in Mississippi.

THE SHERIFF EARLY FIXED. The sheriff of the county was on the ground early in the morning, but, after he had fixed the place that the fight was to be held, he was away about his business in another part of the county.

THE FIGHT DISPERSED. The fight was a desperate one. Sullivan, though fat, was in very fair condition, and, though the terrible heat made him perspire freely, he was not at all out of heart. The fight was in all of its details a masterpiece of strategy.

THE SHERIFF EARLY FIXED. The sheriff of the county was on the ground early in the morning, but, after he had fixed the place that the fight was to be held, he was away about his business in another part of the county.

THE FIGHT DISPERSED. The fight was a desperate one. Sullivan, though fat, was in very fair condition, and, though the terrible heat made him perspire freely, he was not at all out of heart. The fight was in all of its details a masterpiece of strategy.

REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder. We have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder, and does not contain any alum, or any other injurious substances.

It is a scientific fact that the Royal Baking Powder is absolutely pure. It is composed of pure and wholesome ingredients. It is a cream of tartar powder, and does not contain any alum, or any other injurious substances.

I have analyzed a package of Royal Baking Powder, purchased by myself in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder, and does not contain any alum, or any other injurious substances.
