WILKESBARRY, Ph., Peb. 2.- A fall of rock took place if the Nortingham shaft of the Lehigh and Wilkesbarre Coal Colfipany yea-terday morning, which drove the accumulated gas into the gangways, where ten men had been at work with naked lamps, and an explosion soon followed. All the men were more or less seriously injured and badly burned on the face, hands and body; Peter ing rock; Wm. Roberts, a boy driver, is missing : John Rumphries, a miner, died while being removed from the mine; his Rates for the body was burned to a crisp ; Joseph Dunston, fire boss, was burned on the face and hands; his injuries are said to be fatal; Joseph Jones was fatally burned; Jahn P. Thomas was burned in the face and bands; David Fox is seriously burned, and his recovery is doubtful, and Thomas Lake was slightly cut on the head. The fall of rock and coal cut off egress for five men who were in the interior of the mine making repairs. Their names are John Croseln, David J. Williams, John Davis, Edward Morris and an unknown man. Efforts were promptly made to rescue them, though it was believed they were all dead.

The Nottingham shaft, which was the greatest anthracite coal-mine in the world, is nearly a total wreck. It had at one time an output of 3,000 tons a day, and netted the Lehigh & Wilkesburre Coal Company a half million dollars profit last year.

The Beale-Fulton Trouble.

Jounstown, PA., Feb. 2,-Several copies of a paper are now in circulation among the nembers of the Presbyterian Church, of this city, asking for the resignation of the elders of that church. The paper has already about 100 signatures, and if 150 more signatures are obtained it will constitute a majority of the congregaton. If that number is secured the elders will probably resign without any

The congregation felt very indignant againt some of these gentlemen because they were not at the service last Sunday to receive several persons into membership in the church; but this is accounted for by the fact that the elders have promised among themselves not to go to the service until the present trouble is over. The trouble seems to be as far from settlement as it ever was, there being more ill-feeling between the members of Dr. Beale's faction and Elder Fulton's faction than before, though Dr. Beate's party has received a number of accessions during the past week.

Kicking Cows.

Cows acquire the habit of kicking and stepping about while the milking is performed on account of timidity or pain; and this habit becomes chronic by rough and brutal treatment. Insane Asylum Horrors.

New York, Jan. 31 -The first annual report of the New York Commission in Lunacy amount of space is devoted to a comparison of State care and county care of the insane. and the report takes strong ground in favor of the former. A large number of shocking incidents observed in the county institutions are related.
