The declination of Congressman Payne, of Pittsburgh, after he had secured the nomination for Congress, is the result of a well thought-out policy.

There is no office to be filled at the coming primary more important than that of county commissioner. He has the campaign to control in his district and much of the success of the campaign depends upon his efforts.

In every county of the State contests for Congressional nominations have been carried on for several months past.

The New England Farmer Lives Better Than Ever.

Robert H. Roe in the N. Y. Free Press. Our true farm friends make a great cry about the poor taxed farmers of New England.

The Road Commission of Pennsylvania, being anxious to ascertain the views of the citizens of the Commonwealth upon subjects suggested, has prepared the following list of questions.

First, Are you in favor of abolishing the present system of road taxes and paying a cash tax instead? Second, Do you favor State aid to public roads?

Third, How should the tax be distributed, on acreage or on value? How should the amount be ascertained, by valuation of assessable property, number of inhabitants, road mileage, or otherwise?

Fourth, Are you in favor of Supervisors serving without compensation, the same as school directors? Fifth, How should roads be supervised and controlled by State, county, or township supervisors or engineers?

Sixth, Is your county an agricultural, manufacturing, or mining county? Seventh, Is the stone in your county suitable for road building?

Eighth, Are you in favor of authorizing townships to borrow money for road purposes? Ninth, Are you in favor of convict labor on public roads?

Tenth, Are you also asked to give their views upon any other points they desire pertaining to road laws and road construction and maintenance.
