## REPUBLICAN NOMINATIONS

**STATE.**  
FOR GOVERNOR.  
GEORGE WALLACE DELAMATER.  
FOR LIKENTENANT GOVERNOR.  
LOUIS ARTHUR WATKINS.  
FOR SECRETARY OF INTERNAL AFFAIRS.  
THOMAS J. STEVART.

**COUNTY.**  
FOR CONGRESS.  
EDWARD SCULL, of Somerset Township,  
subject to the decision of the District Con-  
vention.  
FOR STATE SENATOR.  
NORMAN R. CRITCHFIELD, of Jersey Township,  
subject to the decision of the District Con-  
vention.

PHILIP C. GARRETT'S letter is a corker. Read it.

Let every Republican see that his name is on the registry list before September 4th.

RECORDS are not coming in very fast. The Magnesian party in the State now consists of Wharton Barker and "Glorious" Tom Marshall.

The Republican majority in Pennsylvania this fall should not be less than 80,000. No Republican should lose his vote by neglecting to be registered or assessed.

CHECKMATE. Black denies that he contemplates withdrawing from the Democratic ticket. He prefers to be defeated. He has already had some experience in that line and seems to enjoy it.

The Geor. is Democrats organized the country at their convention Thursday by omitting altogether the name of Senator Delameter from the platform.

By a late edit of the Cray of Russia all the Hebrews of that country are ordered out of it. It is estimated that a million people will have to leave that country, and it is expected that the majority of them will come to America.

Is the next Alabama Legislature there will be only Democrats in the Senate and the House will have three Republicans. Still the Democrats claim that Alabama does not need an election law to protect the Republican voters at the polls.

The Democrats were confident that the election bill would be buried in the Senate committee. Since it has been reported to the Senate the Democrats are confident that it will never come to a vote. The Democrats crawl slowly but surely.

For the first time in twenty-five years Democratic organs have acknowledged that "James G. Blaine is a clean headed statesman." They have usually called him "a vicious and unscrupulous politician." There must be a screw loose.

The election for Governor and other State officers and members of the Legislature in Alabama was held Monday. Reports from all parts of the State indicate the usual sweeping Democratic majority, and that the Legislature will contain few Independents or Republicans. The Dutch have captured Holland.

The election in Utah shows a narrow margin as to prove that Mormonism is very much alive yet. People who imagine that the spirit of Mormonism is crushed and humbled, in looking at the vote and reading the accounts of the canvass can easily see their mistake.

Collector Cooper says that he knew of 6,000 Randall Democrats in Philadelphia who would vote for Patterson. Mr. Cooper says that Patterson called his extra session of the Legislature for the express purpose of wiping out Randall's district, and he knows that Patterson stood ready to sign any apportionment bill the Legislature might pass, provided Randall was left out in the cold.

It would take a good many big volumes to contain the abuse and angry epithets which the Democratic press has lavished upon Speaker Reed. Yet the Speaker is cheerier, brighter, stronger, and soldier than ever. He knows that abuse from Democratic partisans is generally regarded by sensible people as evidence that the public man at whom it is leveled is pursuing a wise and patriotic course.

Is the face of the widespread destitution and suffering in Oklahoma, some of the too sanguine boasters are now wishing that they had not left comfortable homes elsewhere to join in the mad rush to the new territory. The President's recommendation to Congress, that the unexpended balance of the sum appropriated for the relief of the sufferers from the Mississippi floods be used to meet the urgent necessities of these inhabitants of Oklahoma who are poverty stricken, is an excellent one and should be followed at once.

The importance of good organization in the Republican party cannot be over-estimated. Now is the time to begin work. The first thing to look after is the registration of voters who have moved into the district since last year. See to it that the name of every Republican voter is on the register. This is the work of the committees of each district and should receive attention at once. Then there are persons residing in many districts who should be naturalized. They desire to become citizens of the United States in order that they may have a voice in the selection of local and national rulers. Give them information on this subject and aid them in becoming naturalized citizens. Every man can perform a great service to himself and party if he will be active and perform that little missionary work that a com-mittee-man is expected to perform.

Green Goods Men Caught.

New York, August 12.—Charles Marton, Joseph Barnard, and James J. Duly were arrested Friday last on the charge of attempting to evade the law on the "green goods" game. About six months ago Mr. Marton received a "confidential" circular from a prominent individual in New York City, offering to invest in a profitable money and inviting him to send for "terms" etc., giving name and address. Mr. Marton turned the circular over to the police authorities, and the result was the persons named were arrested. As their statements were found many addressed envelopes ready for mailing, and other paraphernalia necessary to carry out their fraudulent operations. The accused were committed in default of \$2,500 each.
