tendency is to so lower the system, that the
sufferer becomes a ready victim to any preva-

ward against the danger.

The Pittsburgh Leader of Sunday is an
authority for the statement that the South
Penn H. B. project has been entirely aban-

doned and that the Pennsylvania railroad
company will construct a road from a point
on the Cumberland Valley railroad to Johnstown
thus relieving the imminent and increasing
business of that road, and forming
practically a new line from Pittsburgh
to Philadelphia.

Workmen, in making excavations at
the works of the Johnson Company, in Mon-
gomery, have yesterday unearthed a fine
skeleton. The bones were quite crumpled
but discernible enough to be those of a
man, a tribe of which evidently made this
place their burying ground many years ago.
A number of skeletons were found near this
place when the works were being built
about three years since.

McLeland Pennell, alias Jesse James, the
desperado who is supposed to be at the head
of the worst gang of thieves in the south-
ern part of Pennsylvania, and who was ar-
rested at Bedford several weeks ago with
a wagon load of stolen property in his pos-

Thursday afternoon. He was overheard
by the Sheriff digging his way out, and was
at once put in irons. His lawyers will at-
tempt to work the insanity defense in his
behalf.

A specially bright, breezy, and interesting
lecture was delivered at the First Baptist
Church last evening on "Fools," by Rev. P.

S. Hansen, D. D., one of the most famous
pulpit orators of Chicago, and pastor of the
First Baptist Church of that city. There
was a large audience present, and probably
for the first time in the history of the struc-
ture the glass in the windows was broken by
gaily rattling with applause, as the speaker
brought down the house with happy his-
torical bits or bursts of genuine eloquence.

The lecture, on the whole, was one of the
most delightful ever given in this city.—

Young people of this place have none
but pleasant recollections of Miss Matilda
Smith, the vivacious and brilliant young lady
who made frequent visits to Miss Anna
Uhl, and who is the eldest daughter of Rep-
resentative C. B. Smith of West Va. Follow-
ing is one of that young lady's pranks which
we find in the Washington Post. The occas-
ion of the twenty-fifth anniversary of the wed-
ding of Representative C. B. Smith of West
Virginia, which happened last Wednesday,
was called to his mind by the young dis-
patch, received by him from his chil-
dren.

THE NEW PROFESSOR.
Dr. Brubaker Selected to Fill the Term of Dr. Bartholow.

From the Philadelphia Times, Saturday.
Dr. A. P. Brubaker was yesterday ap-
pointed to serve out the unexpired term of
Dr. Bartholow at Jefferson College. The ap-
pointment was an entire surprise to the
newly appointed Dr. member of the faculty, and
when seen last night at his home, 40 North
Nineteenth street, he said he had been gratified
with the manner of his selection.

For the past the students of the col-
lege have been asking Dr. Brubaker to be-
come an applicant for the vacancy, but he
had refused. After the meeting of the
trustees on Monday, at which they de-
cided to postpone the election, the students
without the knowledge of Dr. Brubaker
submitted a petition asking for his appoint-
ment, and appended over five hundred sig-
natures to it. On Tuesday this petition was
handed to the faculty, who immediately
conferred with Judge Allison, Judge Arnold
and Simon Goss, the committee of trustees
appointed to make a temporary appoint-
ment, and the selection yesterday was the
result.

Brubaker is a graduate of Jefferson
College and in 1870 appointed demon-
strator of physiology, which position he still
holds. In 1880 he was elected lecturer on
therapeutics, but resigned that position
last year. He has this year been doing a
great deal of private teaching, and his man-
liness, sympathy with students, and thor-
ough knowledge of his work, have won for
him the esteem of all who know him.

From the Philadelphia Record, Saturday.
The Indiana Times says: After the return
of Joe Nicely to the Somerset jail, he told
the reporters of the Pittsburgh papers that it
was very easy to get out of any of the country
jails. He said he could have got out of the
Indiana jail whenever he wanted, and that
it was not a good jail as the one at Som-
erset. He said if his cell in the Indiana jail was
examined they would find nearly all the
rivets cut.

The Sheriff, Commissioners, and a few
friends made a thorough examination of the
cell in which Joe was confined. Not a bar nor
rivet is cut. Scratches on the paint on the
inside of the cell show that the door was
shut with a knife, and the door itself was
knocked in.

Young men engaged in the lives outside
of the cell, of Cole & Smith. Mr. Cole went to the stable about 10 o'clock, when
he was attacked by the two robbers, who
had concealed themselves in the building
and laid in wait. They struck him on the
back of the head with some blunt instrument,
probably a club, knocking him down. His
skull was fractured and he was rendered
unconscious, after which the assailants
robbed his pockets and secured \$165 and
a watch, when they fled.
