The farmers, and many who are not farmers, who attended last year's Insti-ment of teachers' institute that will prove burg, has visited them alleging that he had wen sent to them by Governor Beaver to inrestigate the case. It is nonsense to believe that Governor Beaver has sent out any agen and we can only conjecture the character of the affidavits he will manufacture on behalf of the Niceley boys. Butler has been heard of in the northern and southern parts of this county and in Westmoreland county. The whole thing looks on its face like another fraud.

> Attorneys for the Common wealth have reing. "The fault is not in ourselves but in ceived letters from Ligonier threstening our stars."

The pardon board has refused a rehearing of the Nicely case. If Governor Beaver does not set the day for the execution before he goes out of office, the Nicelys are reasonably certain not to hang, as Governor Pattison will not likely do what his predecessor refased to do. In this connection the Jamirer thinks it would be a good thing if all executions could take place promptly upon conviction and at one or another of the penitentiaries.
