> Shortly after 9 o'clock it was discovered that a number of illegal votes were being cast, and when objection was made to the election board that the votes of citizens who had not said a borough tax within one year legality was referred to attorneys. The argument was participated in by a large number of people, and for a half-hour no votes were taken. At the expiration of that period a majority of the election bound decided that they would go direct to the Constitution and Bill of Rights for their authority and that they would be governed by the laws regulating general elections. Their position may be correct, but the writer thinks it is wrong. It was so decided, anyway, and voting was resumed and processed without further interruption until the polls

The interest manifested in the first two

annual sessions of the Farmers' Institute is for a public road from a point in a public a guarantee of what may be expected at the coming session. Farmers everywhere are beginning to realize, more and more, the necessity of coming closer together, and conferring with each other on questions relating to the industry in which they are engaged and in order to afford an opportunity for such conference and corporation, the State Board of Agriculture, sets apart a portion of the fund it receives by appropriation from the state to the support of Institute work All the meetings are free, and all who desire have the right to participate in the discussions. The persons having charge of the arrangements have endeavored to secure some of the best talent in the state, not simply for sion. If there is any question upon which you mine the value to our lands of the fertilizers

> mercial fertilizers can not afford to miss this The exercises of each day will be inter-
