the dark and tic region of the Point. Literalof 1892 was

slightest fear of contradiction that Pittsement in the buildings themselves | sults." and in the exhibits is apparent. There is practically nothing in the Exposition that was seen here last year; the main hall itself has been greatly beautified by the painting of the raftered roof in bright tones of white and red. As the crowd freekles. circulated among the booths they found a multitude of things to admire, and the porations and lighting of the great halls came in for a great deal of praise. The accommodation for all who want to rest and watch the endless procession of sightseers is larger than ever this year, but to-night every seat was taken. It was an enthusiastic crowd; not one among the thousands present but was astonished and delighted.

The new gallery opposite the bandstand will evidently be greatly appreciated, as it was crowded to-night, while every scat upon the ground floor was also occupied. Jules Levy's Band is a superb organization, and the initial concert of the season delighted the immense audience The Levy Band will remain here till October 1st, when Miss Raymond and Ellis Brooks with their famous organization will arrive to supply the music for the balance of the Exposition season. Mr. Levy is as wonderful a performer upon the cornet as ever. His solos tosweetness and poetle feeling out of the markably fine figure of a woman, as the

accompanying portrait indicates, is a feminine Levy In the mastery of the cor-

iltion to Levy's Band luside the main bottle. hall, a steam organ pumped melody of the latest and most popular brand all over the young people who mounted the horses, Hons, zebras, deer, and other animals upon the monster merry-goround, which has been erected at the extreme western end of the Exposition both of understanding and of body. grounds. From to-night's experience it is plain that the merry-go-round, will be immensely popular. The comely pageda wouldn't work, and accordingly he in which this big plaything is housed is shouldered his muzzle loading rifle and so roomy that hundreds can sit and look went hunting. But before departing he on while the troop of animals, including a handsome rooster by the way, with its laughing riders swiftly revolves. Comspectators, and mothers with large famfiles will appreciate the privilege of be- down the edge of the creek next to the ing able to rest and still keep an eye on he venturesome small boy.

But talking of comfortable seats it must be acknowledged that those to he found in the new concert hall which to eat it with great delight. While enhas been added to the main building are simply perfection in their way. The hall liself is a most cheery place, with lefty walls wainscotted from floor to ceiling with polished yellow pine, and brilliantly | never seen a bear before, as the ursina Ilt with electric lights. The seats, of tribe has long been searce in those mounwhich there are 800, are of hard bent
