GREEVY BADLY BEATEN.

The House Emotions Committee in Favor of Scott's Right to the Seat.

The following Washington special appeared in the Pittsburgh Courier-Gleaner, Saturday.

It didn't take the emotions committee very long to decide to dispose of the sham pretensions of Greedy Greedy, of Alabama, to the seat in Congress held by Ed-ward Scott.

The present week engaged in trying to blot up a filthy case by personal appeals to the Democratic members of the committee, this morning he was at the capital bright and early for a last appeal.

At 11 o'clock, when Chairman O'Ferrall called upon Greedy, eight members of the committee voted to take him out of the room.

Without any delay the chairman laid the case before them and asked what disposition should be made of it.

Mr. Johnson of Indiana (Republican) took the floor, and that was to confirm Mr. Scott's right to the seat that he had been legally elected.

"Do you make that as a question?" quipped the chairman. "No," replied Mr. Johnson.

There was no further opposition, and the committee by a vote of 8-1 ordered the case to be reported to the committee.

KILLED BY THE PAY TRAIN.

A Well Known Lady of Conemaugh Township Struck by Engine.

About 4 o'clock Wednesday afternoon Mrs. Henry Wolford, aged sixty years, of Davidsville, was struck by the R. & O. pay train at about 2 1/2 miles from the station.

The lady was crossing the bridge over the creek at that time, when she was struck by the engine, which was moving at a high rate of speed.

The lady was instantly killed, and her body was found near the engine track. Her husband, who was also on the train, was severely injured.

The train was stopped at once, and the engineer was ordered to take the lady's body to the hospital. She was pronounced dead at once.

The case was reported to the coroner, who held an inquest on the body. The verdict was returned in favor of the railway company.

The railway company has offered to pay damages to the widow, but she has refused to accept the offer. She wants the full value of her husband's property.

The case is now pending in court, and the decision will be rendered in a few days. The railway company is fighting the case very hard.

The lady's death was a great loss to her family. She was a devoted wife and mother, and her husband was left a widower with three children.

The railway company is accused of negligence in not stopping the train in time to avoid the accident. It is claimed that the engineer was not on his guard.

The case is a sad one, and it is hoped that the railway company will be forced to pay the full value of the loss. The widow and her children need the money very much.
