Turn to the Is hazardous, if not entirely beyond their German's dictionary, and giancin; down reach with the resources at hand? And but one letter you find above all are they willing to entrust the expenditure of so large a sum of money to a council that is divided? Think of this, we

citizens could affurd to enjoy the luxuries words through dialectic use, as the unconthat water alone can bring to their homes! scious attempt to transfer the spirit and homes supplied with water from private gives rise to the awkward provincialisms we er I will send them the orders in time for sources, and would be slow to intro- have been studying from time to time. duce it from any other source-especially if

The experience of our neighbors is well one for them, they will put one up at their crows of the victory its wing of the party Miller, of the Seventh Ward, this city, on has practically no water supply and the owners of the water company in that town have not got a "fig-mill." Bedford's water supply is notoriously unsatisfactory and expensive. The citizens of Frostburg, Md., are paying interest on a large sum of money expended in a vain attempt to bring water into that growing town.

> It does seem to us that the only practice solution of this vexed question is the adoption of Mr. Ogle's resolution (published in these columns a abort time ago) submitted to council, offering to obligate the baronch for a fixed amount acqually for a short term of years to a responsible person or company who will fornish a sufficient water supply for fire protection, reserving the privilege of purchasing the plant for a spacified sum at the expiration of a certain period. Now, if this is to be done, we want men in council who have the best interests of our town at stake, who have had large experience in business affairs, and who are brave and strong enough to withstand the carping

own no real estate and pay no municipal yard. With the resources at hand the borough has all it can do to pay for having the streets properly lighted, policed and kept clean; to say nothing of the large expenditure it would require to put them in fit condition. Just how long such policies. the steam and hot air have been issuing from the crevices in the rock and coming up through the earth is not known; nor how far beneath the surface is the lake which without just cause, I will not be responsible for burns with fire and brimst one and furnishes the heat for this particular spot. One very significant fact is that it is near a grave-

criticism of the shallow pated fellows who "One of the coldest days recently a Mrs. Martin visited this place and, her feet being very cold, she thought she would step in the place where there was no snow. This she did, but she did not stay long, as it was Berkey, Edward Berkey, and Mary A. Yoder, of Control Ludius Stay Long, as it was she did, but she did not stay long, as it was only a moment until her feet began to burn and her limbs were scaled by the steam which is constantly arising from the ground.

Many have been so much worried over this sudden and mysterious 'something' that they have sought repentance for their sins.

Berray, Entward Berray, and Mary A. Yoder, of Goshes, Indiana, Sarah intermarned with Entant on the Hollowing and the Hollowing self-dent county, Michigan, Christiana Intermace for their sins.

Berray, Entward Berray, and Mary A. Yoder, of Goshes, Indiana, Sarah intermarned with Entant on the Hollowing which is constantly arising from the ground.

Water Works Not a Profitable Investment at Meversdale.

Time and again a story has been repeated

resorted to, so that with the exception of a

The same gentleman, when asked wheth-German of Leither than the English of to-day The same gentleman, when asked wheth-er he considered Saml Spring stock a desira-perosal of the Weekly Horald next summer will be almost as satisfactory as ble investment, replied that it might become so in time, provided an ample water supply was procured. To do that, he estimated, would require a total outlay of \$30,000, in-'in it' and have some local pride in making that this stock is gilt-edged, simply know nothing about it, and should thank their lucky stars their capital is not tied up in it." the one we've been accustomed to hearing about the water "bonanza." We commend its consideration to sundry of our Somerset friends who believe water works ought to be owned and operated by the town.

Excursion Rates for the Farmers Institute.

EUCTOR HERALD:-Will you please a pounce to your readers that I expect to be able to secure orders for excursion tickets over the lines of the R & O and S & C Railroads for persons who wish to attend the Farmers' Institute, to be held at Somwishing to attend will please drop me a card to Harrisburg informing me how many oruse. The application should be on postal card to insure prompt attention.

Very truly yours, N. B. CRITCHTHEED. HARRINGCES, January 16, 1893.

Washington, D. C., Jan. 19;-Mr. DeArmond (Democrat, Missouri) introduced in the house to-day a bill to suspend, during the first year of each presidential term, all civil service laws, insofar as they restrict or interfere with the free exercise by the president or heads of the departments of the
