BATTLE FOR EXPRESS GOLD.

Plucky Trainmen Beat Off a Gang of Bold Robbers.

CENTRALIA, Ill., Sept. 23.—Three robbers who held up the New Orleans Limited train on the Illinois Central railroad just outside this city shortly after 11 o'clock last night got the worst of the bargain.

The train bands were in a hot battle, mortally wounding and capturing one of them, while scores of citizens captured the other two.

The robbers got no booty. Three of the train crew were wounded. Those who were hurt in the shooting during the attack were the Sherman law.

It is time that it was dropped. The Sherman law has not caused the "disturbances" that have closed hundreds of factories, bankrupted thousands of firms and impoverished multitudes of American citizens.

Under a Republican Administration we had the Sherman law in full operation with marked consequences in the development of the country.

The Sherman law has given valuable assistance to the Western silver industry, and furnished the country with about one hundred and fifty millions of unneeded currency.

Every dollar of which is equal in purchasing power to the gold dollar today.

With Benjamin Harrison in the White House the nation knew that the integrity of every dollar earned by toil would be protected by the whole power of the national government.

It knew that the Republican President stood ready to issue bonds to any amount that was necessary to maintain the public credit.

It knew that President Harrison would never sign a bill framed to gratify American industry and degrade the wages of American labor to the level of foreign pauperism.

The merchant, the banker, and the wage earner pursued their callings in confidence and security, conscious that behind their just interests there was all the might and all the credit of the nation.

The triumph of Democracy swept away every one of these safeguards. The politicians who had threatened to destroy protection and beggar labor came into office with full power to execute their threat.

The President stubbornly refused to issue bonds to maintain the Treasury reserve, and deliberately sacrificed the business interests of the nation.

The Sherman law is a relic of the past. The responsibility for the loss and destruction of the last six months belongs not to the Sherman law, but to Grover Cleveland and the Democratic party.

A Bright Lad.

Ten years of age, but who declines to give his name to the public, makes the following confidential statement to us:

"When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die, and all our neighbors thought that even if I did not die, I would never be able to walk, because I was so weak and puny."

"A physician friend of mine, however, called and gathered and threw out some boxes of Ayer's Sarsaparilla, and I took a few doses."

"I had made up my mind to die, but I was so sure to become a ruminant, and I had to take lots of medicine, but nothing had done me so much good as Ayer's Sarsaparilla. It has made me well and strong."
