I was troubled with catarrh for seven years previous to commencing the use of Ely's Cream Balm. It has done for me what other so-called cures have failed to do—cured me. The effect of the Balm seemed magical.—Clarence L. Huff, Biddeford, Me.

After trying many remedies for catarrh during the past twenty years, I tried Ely's Cream Balm with complete success. It is over one year since I stopped using it, and have no return of catarrh. I recommend it to all my friends.—Milton T. Palm, Reading.

"Which would you rather be, a knave or a fool?" asked Jim Sims. "I don't know," replied Cyrus. "What has been your experience?"

If you ever feel yourself getting conceited, just remember that the best conceit is all size.

Look at the size of the ordinary pill. Think of all the trouble and disturbance that it causes you. Wouldn't you welcome something easier to take and easier in the way, if at the same time it did you more good? This is the case with Dr. Price's Pleasant Pellets. They're the smallest in size, the mildest in action, the most thorough and far reaching in results. They follow nature's methods, and they give help that lasts. Constipation, Indigestion, Bilious Attacks, Sick and Bilious Headaches, and all derangements of the liver, stomach and bowels, are promptly relieved and permanently cured.

If we can't cure your Catarrh, no matter how bad your case or how long you have had it, we will refund your money. It is the only medicine that reaches the affected parts and cures.

For sale by G. W. Benford and Dr. J. M. Louder, Somerset, Pa., and David Greaves, Lockwood, Pa.

With one exception Japan shows little that is very noteworthy in the world's buildings. In the Woman's Building there is an view a manuscript poem composed by the present emperor, close hand by name, and a fine sample of a woman's handwriting, and a pair of fan-like Japanese sandals in the heart of the room. The one exception in the building is the Japanese artist's portrait of a woman in a kimono, and in the face of a woman's face, which is a fine specimen of the art of painting in oil.

The motor cars and trailers are each 45 feet long. The motors are the most powerful ever constructed, developing 100 horse-power each. They are geared for a speed of 30 miles an hour.

A Curious Piece of Wood. Fred Lindner, postmaster of Kingston, N. M., has in his possession a piece of oak wood, which upon close observation, discloses quite a natural curiosity. The piece of wood is about three feet in diameter and in the heart of it can be seen the profile of a man's face. The face is quite distinct, showing the nose, forehead, mouth and eye. The wood was picked up in a store in Kingston last winter, and is exhibited at the Sierra source (N. M.) exhibit at the world's fair.
