These and other

This country has prospered since the war, under a protective tariff, as no country in the world has ever done. Now it is the intention of this Democratic Administration to wipe out all protection, compel our manufacturers and laborers to compete with the cheap labor of Europe and resort to direct taxation of the people to raise the means to run the govern-

THE pluck of Samuel J. Randall and a few Democratic followers "knocked the declaration: "Thou canst not say I did stuffin" out of the Mills bill, notwithstanding all the pressure Mr. Cleveland brought to bear in its favor. May we A Few Comments On the New not now hope to find more than one Democratic member from this State follow the manly example of the great Pennsylvanian when the vital interests of his state were put in jeopardy?

THE devil has always tried to pass himself off as a boss reformer, but he say about this measure. Then, look out. cannot beat the present Administration. When they realise that this bill takes work It is a boss reformer, and its silver re- out of their hands and bread out of their form and tariff reform have within the | months they will not wait for the ballot-box. majesty could ask for. They have is a very strong one, who would sign his pobrought idleness upon honest millions, and impoverished whole communities.-

THE Republican tariff made the home of the American workman a home of plenty. He lived and enjoyed the luxuries of the rich in the older lands. The for his own good. Democratic policy in its very promise, and before its reality could be experienced, has brought distrust and want and suffering. It is that and nothing else, ocrats have the votes in both houses to pass The talk about silver producing the hard it if they wish; therefore the only way to times-was simply a Democratic/blind .- stop it will be for the people in the districts

THE revenues of the government are President he will sign it. Then the home now over fifty million dollars short of its | industries must suffer for nearly four, years. wants, and the Democratic tariff tinkers in the House admit that their proposed new bill will fall short another fifty millions annually, of raising the necessary revenue. They propose to make up this deficiency by returning to the odious tax on incomes, legacies, proprietory medicines, &c., which necessity compelled the government to levy in war times.

GENERAL WILLIAM LILLY, Congress- hold the balance of power and prevent its man-at-large, died suddenly of conges- passage tion of the lungs at his residence in Mauch Chunk on Saturday last. Gen'l Lilly was elected to Congress last fall on will therefore effectively exert themselves the Republican State ticket. His death for its interment. will be regretted by a large circle of friends throughout the State who esteemed him for his kindly and manly virtues. A general election will have to

We hear a great deal of senseless gabble about "free raw material." There is lity party for many years to come. It can lower, 38 and 40 being the coldest yet no such thing as free raw material in not be so vitalized. the markets of the world. In the Wilson bill iron ore and coal are put on the | commonest patriotism unite to demand the may, as they exist in the hills, be properly called free raw material, but the mois added, and they are not free raw material. The miner and producer of them for the market, is as much entitled to protection for his labor as is the manufac-

From the Philadelphia Ledger (Gereland Ind.). The new Democratic tariff bill is as is proposed by the Wilson tariff bill could be made without a corresponding labor. The chief sufferers will be the change in the economic conditions of the thousands upon thousands of American country and the people. The duties on formen, women and children. Largely re- eign products, which really protect the associations, recently passed at Indianapolis, possible starvation for them. If govern- which have sustained, and are necessary to ment is for the people, can there be any sustain, the common prosperity of the peopossible justification for the change from the best paid labor in the world to that of the masses. the grovelling poor of Europe? And yet to feared and resisted. Resistance to it should this complexion must we come, if reducassume definite form and force at once. ed to the demands and consequences of free trade, as advocated by the party now ular organizations and by individual appeals,

THAT the new tariff bill would be sectional was well understood by those who | trade, as set forth in the free raw materials had studied the make-up of the commit- schedules and the tariff for-revenue-only tee having it in charge. Here are a few policy, as set forth in the great reduction of specimens. Take iron ore, cotton ties, duties on manufactured products. Proteclogs, iamber and sugar. Iron ore and tion for our industries is with American logs are placed on the free list. Cotton | capital and labor the law of self preservation, ties, which are used only in the South, and are simply hoop iron cut in lengths, strenuously contended against. are made free, while hoop or strap iron used in hundreds of ways throughout the From the Daily News (Stalwart Den). North and West is subject to duty. Finof the Committee of Ways and Means of ad ished lumber and building materials are valorem instead of specific duties in the made free, while the bounty on sugar, new Tariff bill, is sure to provoke a good almost entirely a Southern production, is deal of criticism even outside of the ranks retained. In this there is evidence that of the Republican protectionists, for the the meanest sectional and political mo- reason that the general belief is that it is

the meanest sectional and political motives controlled the Southern members of the committee.

The first regular session of the Fifty-third Congress assembled on Monday last (4th inst.), at 12 o'clock noon. This will be one of the most important and probably most exciting session held for many years. Bills to repeal the tax on state bank currency will be acted upon, as will also bills favoring a general bank circulation, amending the naturalization laws, and a general financial bill. These with the Hawaiian complication, the pension question, the proposed increase of interthe Hawaiian complication, the pension and Spain, and ignored those of question, the proposed increase of internal revenue taxes, and the usual appro-griation and other miscellaneous hills. This new Domogratic tariff bill is pretty

instances acrimonious discussion, and will probably make the session a lively will give rise to prolonged, and in some and protracted one.

The latest novel by Amelie Bives is Tanis, the Sang-Digger," and it should character as well as on account of its authorship. Miss Rives has selected for her heroine a poor girl of Virginia, who lives pretty much like a savage in the mountains. and ekes out an existence by digging the or less accurately in the Washington dis- a handsome creature. She is grandly propatches, but still there was enough of un- portioned and full of the vigor and warmth certainty about it all to keep up the interest of lusty young womanhood. Therefore, one essily becomes interested in the tragedy of love of which she is the heroine. Miss Rives represents in Taxis another study of femine character that is as startling and vivid as that of Barbara in "The Quick or The Dead." Here is another battle spalnst a love that all but overwhelms her, but Tanis makes the fight because she knows the man to whom she wants to give herself is unworthy sionate brute of a fellow, and she believes her duty to resist the power he exerts over her. She succeeds in doing this for a time, but at last her lover succeeds in driving her mouthly numbers, aggregating over 1500 provisions made for the gradual extinguish- into a marriage with him against her will, pages of the best and most interesting readual decrease is provided for. There are also the same author's former works satisfactory, it will undoubtedly prove absorbing. Town
