Five Children at a Birth. All previous records in Pennsylvania, if

The children, all of whom are well devel-"America from Alaska to the Gulf of open and full of animation, are three girls Mexico" will be published in weekly series and two boys. They appear to be strong, physical and scenic wonders of our own the astounded father, who is 40 years old land, the whole edited by Prof. G. R. Crom- and only five feet high, has by no means rewell. Each series will be enclosed in hand- covered from his surprise, though Mrs. some covers. To any of the readers of The Rosenberger, is quite as well as could be ex-

ons, differently numbered, and bring or "I thought," said Farmer Rosenberge send them to The Pittsbury Times office with with a sigh to a neighbor, "that we ten cents to cover cost of handling. The were coming to a time of astonishing plural-Times will give or mail the first series which | ities when they began to count up the vote will be ready March 10th, and which con- for Grow a week ago. But ob, my! I tains the following views: The Capitol, didn't look for anything like this-hard times

It is not generally known what a vast plant it requires to publish and circulate a metropolitan newspaper. The Chicago Park, Minneapolis; Auditorium Hotel, Chi. Inter Ocean has in its circulating department alone nearly one hundred men and women, not to mention the carriers who deliver the paper to all parts of the city before breakfast every morning. It may be mentioned that no kind of weather, however severe, is permitted to interfere with this delivery in any way. Of this large force all will be supplied on the same terms. Or. about one half of them work through the der The Pittsburg Times at once. If there is day at ordinary office or clerical work and no agent in your locality, write for terms to the other half begin late at night and work agents. Sample copies of "America" are on until about daylight, preparing and addressing the wrappers, counting and wrapping the papers, "routing" and mailing the bundles. Their work is of the most difficult neture and is done in the quickest possible manner, and yet so well is it done that it selopens with an interesting article on the ma- dom happens that a single bundle or paper ple sugar industry of Vermont, from which of its immense edition of nearly 100,000 one learns that the sap begins to flow about reaches its destination on other than the March 10, and continues to for three or four right train and at the right time, unless de-
