Edle Splinters, The schools of this place closed Tuesday. Prof. H. L. Young will hold a Normal School at this place the coming spring. The sugar season thus far was a very poor one, some farmers say they have not yet

enough for their own use. It is rumored that a blacksmith will locate

here in the near future. Edie is booming regardless of the hard

times. There will be five new buildings erected the coming summer. The contractors, H. F. Bittner and John Phillippi, are busy at work. These additions will make a

great improvement in the town. Prof. E. D. Baldwin, teacher of the Lin-

coin Cornet Band is getting the band in shape for the coming summer. The music endered by this hand is of the best.

Edie is with a few exceptions, a purely Republican town. The few Demacrats located here prophesied a great improvement in the

times, but since the depression they sometimes think the town is haunted.
