NOT A KICKER KICKED

AND "YOUR UNCLE ALECK" MIGHT HAVE WORN AN ULSTER.

All of the Democratic Nominations Go A-Begging, and Were Made By Acclamation.

R. M. LINTON ELECTED CHAIRMAN.

Enough Democrats were gathered together in the court room Monday afternoon to hold a county convention. Much surprise was expressed at the large number of delegates present, as it has been open secret for months that the ranks of that party in Somerset county are being rapidly depleted by desertions, and that wherever two or three Democrats are gathered together, the prospect of a Democratic ticket is denounced as being unwise and unprobable, and votes are exchanged not to vote the Democratic ticket in the future. A glance over the room showed that large part of the delegates were Federal office-holders, who evidently thought that they could afford to come to Somerset at least once a year as long as the "Yankees" were in power.

Chairman Frank King called the Convention to order. An organization was effected by electing Geo. A. H. Coffroh, Republican, General Agent, and J. M. Barnett, as his assistant. Mr. Barnett was elected a full delegate to the next year's convention. The Chairman then called on the delegates to propose names for the various offices. The names of the candidates were: R. M. Linton for Chairman, J. M. Barnett for Secretary, and J. M. Barnett for Treasurer.

Sixty-Eighth Anniversary.

With the present number the HERALD begins a new volume and enters upon its sixty-eighth year of its existence. We have marked the event by dressing it out in a new suit, but its old "tops" looked pretty good. We believe in renewing them every few years and feel satisfied that our readers will appreciate the change and will share in our pride over its bright appearance. During the past forty-three years the HERALD has been owned and controlled by its present proprietor. Under his hand it has steadily increased its circulation, until to-day it numbers that of any other paper published in the county two to one. The HERALD has consistently labored for the best interests of the people of the county. Its political course has been in accord with the principles of the party, to the support of which it has ever been earnestly devoted. Its local and news columns have been kept fresh and clean. Encouraged by the past we shall ever aim to sustain the HERALD's well-earned reputation as the leading journal of Somerset county.

Growing Strawberries for Market.

For the past several years a number of farmers in the vicinity of Friedens have been cultivating strawberries for market. Most of them are disposed of through the market. On Saturday Mr. Scott Mowry shipped 12 bushels and on Monday 20 bushels to dealers in that city. Somerset county berries compare favorably with those raised in other parts of the State. The market for them is growing. Nearly all the berries from Mr. Finner's patch are as large as walnuts.

Crop Prospects.

Indications from reports of leading farmers and fruit growers in all parts of the county are that the grain crop will be a very good one, and the corn crop never looked more promising. Many farmers are growing more rye this season than heretofore, owing to the increased price it commands over wheat. It is very short and the yield is good. The corn crop is also very good. The fruit crop is also very good. The market for them is growing. The weather has been very favorable for the crops.

Last week there was considerable trouble among the miners who are employed at the English Mine. A man named C. C. Miller called the police and they arrested the miner. Miller is now in jail.

Three Prominent Residents Pass Away.

Mr. Daniel H. Hauger, who died on June 13, 1934, aged 73 years, was born on what is known as the Hauger farm, then in Brothersville township, but now a part of Somerset township. He was married in 1855 to Miss Emma Hoehner, who survives him. Mr. Hauger's parents were Daniel and Catherine Hauger, who lived on the farm owned by Simon Hauger. Mr. Hauger had been a resident of Somerset for many years. He was a member of the Somerset township school board and was also a member of the Somerset township fire department. He was a very kind and generous man. He is survived by his wife and four children.

Lightning's Strange Pranks.

Lightning played some strange pranks in this locality yesterday afternoon during one of the heaviest thunder and hail storms experienced in recent years. For a few minutes preceding the rain, hail stones fell in such a shower as to make it difficult to walk. The hail stones were very large and some of them were as big as eggs. The rain was very heavy and the wind was very strong. The storm lasted for about an hour and then subsided. The damage to property was very little.

DOWN THE FARM.

THE STATES FIRST FARMER.

A Visit to Col. James Young's Land Holdings.

Perhaps no member of the State Board of Agriculture present at the meeting, recently held in this place, attracted the same amount of attention as did the unusually little silver haired veteran, who we saw in the paper last week and who we saw in the paper last week and who we saw in the paper last week. He is a very old man and has a very interesting story to tell. He has been a farmer all his life and has a large farm in Somerset county. He is a very kind and generous man. He is survived by his wife and several children.
