The differences between the miners and operators of the Hooversville coal mines have been amply and satisfactorily adjusted and all the men, excepting a few who are being held by the operators, are working steadily again. The terms upon which the miners have gone to work are 40 cents a gross ton, 15 cents a gross ton in mine No. 1, which equals 40 cents.

Several of our citizens with others from Somerset and Uniontown have secured an option on five hundred acres of land near the Leslie mines and may open in the near future. An Early Morning Fire.

Between four and five o'clock yesterday morning the residence of Harrison Berkley, on the western part of town was burned to the ground. Mr. Berkley had kindled a fire in the kitchen stove a few minutes before and had gone to his room to feed his stock when he saw that the roof of his house was in flames. Rushing back to the house he aroused the members of his family and with their assistance managed to remove most of the household furniture from the burning building.

The house, which was built of brick with a frame addition, was entirely consumed. The origin of the fire is not positively known, but was caused either from a defective fire or by sparks falling upon the dry roof.

The burned building was one of the largest in Somerset. It was erected in 1852 by Ross Forward, Esq., then a practicing attorney at the local bar, now a resident of Cincinnati, Ohio. The original building had a lower story and was a former prominent hardware dealer in Somerset.

DEATH'S HARVEST.

Major John Knable, a prominent citizen and for a long term of years one of the leading business men of this county, died at 2 o'clock Sunday morning, at his home on Main street, surrounded by all the members of his family. He was in the first year of his age. The Major had been in declining health for several years past, and when three weeks ago dropsy developed, his friends were called and he patiently awaited the end.

Major Knable was born February 6, 1814, at Burrut (Oldus, Bedford (now Fulton) county, Ohio. His father was his father, Leonard Knable, removed to Somerset county and located at New Centreville, on the Mud Pike, where he engaged in the lumber business. On July 28, 1842, John was married to Miss Mary Younklin, and they celebrated the 4th anniversary of this happy event just one week before his death.

In 1842 John was married to Miss Mary Younklin, and they celebrated the 4th anniversary of this happy event just one week before his death. The whole country was in mourning for the loss of the boy and are glad for all favorable reports.

On August 1st a daring robbery was committed at the residence of Jacob Knable, on the corner of Main and Third streets. The men were out in the field in the afternoon and the women had just gone out to dig a few new potatoes for supper. All doors in the house were closed but the doors were not open and the premises showed that a stranger had been there. On examination it was found that the thieves had gone straight to the kitchen and broke the lock to a desk which contained some money and valuables. The thief secured a new revolver and plenty of ammunition and some money. A man named Michael A. Sanner having purchased the interest of Cyrus Baer in the general store of Sanner & Bedford. He disposed of this interest to the late John Patton in 1896, when he returned to Pittsburgh and entered into a partnership with Capt. John H. Boyts and Wm. Ogden, in the grocery business. Three years later, in 1899, he sold out his interest in the firm to John H. Boyts and Sanner, and during the next two years conducted a railroad supply store at Ursina. In 1871 he purchased the interest of M. A. Sanner in the firm of Knable & Sanner, and continued the partnership until after the great fire of 1872, when he retired, and became a partner in the Somerset Foundry Company, which was dissolved in 1873. In 1874 he purchased the interest of the late W. A. J. Cressler & Co., and remained in this partnership until after the death of Cressler, when he was retired from business permanently.
