

ADDRESS OF O. O. SLYDER

In Teachers' Institute in Response to the Address of Welcome.

On behalf of the Superintendent and teachers of the public schools of Somerset county, I thank the gentleman for these very cordial words of welcome.

We are teachers, realize the fact, with a stronger force than ever, that more intelligence and a far more teaching knowledge is demanded of our people.

The disturbances in various fields of enterprise and industry during the year, has shown itself all over our land, prove to us that only an intelligent people can grapple with such serious and momentous questions.

What would become of a government like ours if in times such as these ignorance were to predominate and our government to be torn to shreds and made a prey for the tyrant and usurper.

It is the duty of the teachers of our schools to give more attention to the qualification of the citizens of the future.

Pupils leave the public schools with very little knowledge of the government and institutions of their country. They are ignorant of the most simple questions growing out of our government.

A Good Indication.

Medical practitioners of prominence are prescribing for the cure of diseases springing from derangement of the digestive organs, Dr. David Kennedy's Favorite Remedy. This professional endorsement is justified by the fact that no other preparation has been found so efficacious in this class of disorders, even in the most advanced and severe cases.

Do you know that you can drive nails into hard wood without bending them if you dip them first into acid? That a lump of camphor in your clothes press will keep your ornaments from tarnishing? That stale lard will clean kid gloves? Wash white marble porches, bath, etc., with a mop dipped in boiling hot water and soda. A good deal of soda should be dissolved in the water.

Two Valuable Friends. 1. A physician can not always be had. Rheumatism, Neuralgia, Sprains, Bruises and Burns occur often and sometimes when least expected. Keep handy the friend of many households and the destroyer of all pain, the famous Red Flag Oil, 25 cents.

Dark brown is the prevailing color of the hair of the people of English nationality. From a letter written by Rev. J. G. Underman of Dimona, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Dimona, Mich., she was brought down with pneumonia succumbing to La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery. It was quick in its work and highly satisfactory in results."

There is a danger in delay. Since 1861 I have been a great sufferer from catarrh. I tried Ely's Cream Balm and to all appearances am cured. Terrible headaches from which I had long suffered are gone.—W. J. Hitchcock, late Major U. S. Vol. and A. A. Gen., Buffalo, N. Y.

No Machine Wanted. One day, stopping at a house for dinner in the Kentucky mountains, I listened to an agent trying to sell the head of the establishment a sewing machine.
