that larger profits will result from slaughtering them at home and shipping the dressed meat? Mr. Love thinks so, at least, and as a result of his thinking so he has decided to test the matter. About two years ago Mr. Love had a pipe line constructed, connecting his creamery, opposite the Somerset & Cambris R. R. station, with his barn on the brow of "coal hill," a distance of perhaps 500 yards. Through this pipe all of the

surplus milk and butter-milk neetinglating in the creamery-which otherwise would go to waste-is driven by steam to the barn, where it is deposited in a system of troughs and is subsequently fed to a large number of hogs. Recently Mr. Love concluded that it would be more proutable for his company to sell the dressed meat of the hogs raised than it would be to ship them alive

house on a small scale. The slaughter house as arranged at resent contains a number of pens into which the hogs are driven and separated. When they have been assorted, a single animal is driven into a particular pen, where he is stabbed and the next instant. where he is tickled with a big from term of court. > Company "B." Boys Surprise Their Former Commander.

Captain John H. Hite, late of Co. B., 54th Reg., Pa. Vol., was treated to a gennine surprise on Friday last. His estimable wife was the leading spirit in the affair and a week before she had issued invitations to all of the surviving members of her husband's late command, requesting them to be her guests on the day mentioned; emiloning those invited intended to surprise the Captain.

For several days prior to Friday there was great activity in the culinary department of the "Hotel Hite," and when the gallant Captain inquired what the unusual bustle portended he was told that the Woman's Relief Corps, of Johnstown, had written that they would be in Stoyestown, Friday, to strong, and had engaged dinner at his hotel. The Captain never for a moment doubted the truthfulness of this explanation and when the morning train arrived from Johnstown he escaped to the barn rather than confront so many

The Uniontown News Standard in its last issue says:

sioners of Somerset county on Thursday. The object of the conference was to discass the necessity and advisability of erecting a bridge over the Yough river at Confluence. A joint meeting was held in a hall which was attended by a large number of leading business men and merchants. Views were exchanged freely and many suggestions offered. Some of the business men poleted out the no cessity for the bridge. It was shown that the residents necess the river in Henry Clay township were put to a great disadvantage by reason of their having no bridge to let them into Confluence and to the B. & O. R. R. At present the river is forded when the water is low, but when there is a high stage of water the Henry Clay township people are compelled to go to Somerfield and then down the river on the other side a distance of about ten miles to reach Confluence. In cases of sickness all this distance has to be traveled to get a physician. The commission ers from both counties listened attentive ly to all the remarks and suggestions and after a seven months' absence in Johnswere finally manimous in the belief that I town. n bridge should be creeted.
