"I merely mention these small details to show how much the brother and the sister were attached to each other. Well, when the war broke out-and I recollect it well, for I was a smart chunk of a boy-Uncle Ben swore that it was his duty to go. My mother was a very patriotic woman, but with the selfishness of a woman's affection she could not see why she should be called upon to give up her only brother. But Uncle Ben declared that every woman should not only be called upon to give up her brother, but her son, her husband, her life, if needs be. He was so devoted to the Union, so strong in his denunciation of all people who were lukewarm. that when the time came he was elected captain of a company. And so off be marched, leaving my mother in the deepest grief. At night she would awake me with her sobs, and many a time when I heard no sound would I put my hand on her pillow to find it wet with her tears. Of course the violence of her whenever we received news that a battle had been fought she would lock herself in her room and there wait to hear that her brother was dead. "Thus it went on until his death was

mentioned in the dispatches. He was killed at Gettysburg, and two days later there came a letter from him. My mother knew that it had been written just before he went into battle-probably the very last thing he did was to seal itand she declared that the seal must never be broken. I remember that some of the neighbors argued with her that she ought to see what the letter had to say, but she said not, it must forever remain scaled. So she never did open it, keep it just as she had kept it and to leave it to my favorite child, with the same instructions that she had given me. My mother was of excellent stock, and I have thought that this prompted her sometimes to say that the crest of letter. She always said this laughingly, of fun that we sometimes show our pride. The greatest discovery for sufferers of catarrh, hay fever, asthma is Mayers' Magnetic Catarrh Cure. Its wenderful cures since its discovery are known to thousands, This grand medicine will positively

cure all forms of these terrible diseases It accomplishes what no other remedy has done. So simple a child can use it. No cure no pay. One bottle will do the work and lasts for a three months' treatment. Entirely new, no other remedy made like it. This is what the eminent Dr. Henry Carrington Alexander, D. D., L. L. D., has to say of its marvelous cure, The Mayers Drug Co., Oakland, Md.

Chamberlain's Cough Remedy is firnous for its cure of had colds. It opens the secretions, relieves the lungs and healthy condition. If freely used as soon as the cold has been contracted, and before it has become settled in the system,
