THE revenues of the State, owing to the depression of business for the past two years, have fallen off so largely that the most rigid economy is enforced says that with the money on hand and the estimated revenue the appropriations for the next two years cannot exceed \$20,000,000. Two years ago they were over \$22,000,000. With a loss of \$2,000,000 it is evident that a cut of at least ten per cent. somewhere is inevphering at the job. It is announced from Harrisburg that a radical pruning has been agreed upon. Two years ago \$500,000 was added to the school appropriation for the purchase of free text books. These books having been supplied to the schools, it is agreed that the \$1,000,000, appropriated two years ago is not now needed and can be stricken off, without serious detriment to the cause of education. By holding no Brigade encampment of the State Guard this year \$150,000 can be saved. Appropriations for the penal and charitable institutions of the State can be pared down, and about \$400,-000 thus diminuated from the general done against these and other cuts in the general bills, but necessity is paramount to generosity or to local good, and there must be a cessation, only temporary we hope, to the open handed distribution of the revenues of the State. The Commonwealth, however "eut its coat according to its cloth."

WHAT a lovely ontcome of the income tax law the Supreme court has brought forth. The sublime wisdom and the large land owners, the Vanderbilts, the Goulds and the Astors escape the t.x, and those to whom they money in National, State, county or from that point. stomache is almost constantly out of They wonder and wonder what is the matter with them, and about the very last thing they think of is the real cause of all the trouble—the kidneys.

There's not the slightest doubt about it, it's kidney trouble. These delicate little filters of the blood get out of order and refuse to take the poisonous matte out of the blood. Disease is sure to result idney, easily, quickly, never-failingly Mrs. Mary B. Devlin, of 75 Perry street llegheny, suffered tortures from kidney disease for seven years "There was a weakness and a dull, heavy pain across the small of my back," she said in speaking of it. "My physician ased it sometimes, but could't cure indit got worse and worse, until I could ot get about at all. The poison in my ood brought on rheumatism.
