Nothing Strange-

Intelligent people, who realize the important part the blood holds in keepng the body in a normal condition, find nothing strange in the number of diseases that Hood's Sarsaparilla is able to cure. So many troubles result from impure blood that the best way to treat them is through the blood, and it is far better to use only harmless vegetable compounds than to dose to excess with quinine, calomel and other drugs. By treating the blood with Hood's Sarsaparilla, scrofula, salt rheum and what are commonly called "humors," dyspepsia, entarrh, rheumatism, neuralgia, consumption and other troubles that originate in impurities of the blood or impaired circulation, can sil be cured.

All Free.
